Here at AllCare for Women, LLC, we take pride in protecting the privacy of our patients. With that being said, we would like to know how best we should contact you. Reasons we would contact you would be:

1. Discuss matters related to your healthcare: appointments, results, referrals.
2. Discuss matters related to insurance: coverage, deductibles, copays, prior authorizations.
3. Discuss matters related to payments: account balances & charges, billing information, credit card payments.

While all patients are encouraged to register for our patient portal access that allows for management of these items, other means could be utilized to contact you. In the event that this applies, we would like to know how best to contact you:
