OFFICE POLICY

07.19

Welcome and thank you for selecting us for your medical care. This information sheet provides an overview of our office policies. If you have questions regarding our policies, please approach one of our staff members.

INSURANCE AND BILLING

It is your responsibility to understand your insurance benefits. If you are not sure if a service or treatment is covered please contact your insurance carrier. We do not provide information about copayments, coinsurance, or deductible.

It is your responsibility to provide accurate insurance information to this office. Please present your valid insurance identification card(s) at the time of check-in. **Your copayment or coinsurance is required when you check-in.** If there is an additional balance due you will receive a bill from us. You are also responsible for payment of your deductible, and for charges not paid by your insurance carrier(s), which includes denied claims due to lack of information from the subscriber. If you do not have your insurance identification card and a photo ID, you will be asked to pay for your office visit or reschedule to another date. If we are unable to bill your insurance carrier because we did not receive your insurance information in a timely manner, you are responsible for the charges.

We accept many insurance plans. This means we will file your claim for you. This service is provided as a courtesy to you because we value your patronage. We will be happy to submit charges to any secondary or supplemental plans you may have, however, if payment is not received from that firm within 60 days we will issue a bill to you for payment in full.

If we do not accept your insurance plan, payment will be expected when services are rendered. You will be given a bill at the time of checkout, which you may file with your insurance carrier for reimbursement. We will accept your payment in cash, check, Visa, and Mastercard.

There is a \$50.00 fee for returned checks. 18% per annum interest may be applied to delinquent accounts. Delinquent accounts may be placed with an outside collection agency or pursued through small claims court. **You will be responsible for court costs, attorney fees, and/or collection agency fees.**

RECEPTION AREA. Seating in our reception area is limited. Please try to limit the number of people who accompany you to your appointment. It may be inappropriate to have small children in the examination room with you. Please do not leave children unattended in the waiting room. **Phone calls, food and/or drinks are not allowed in the waiting area.**

TELEPHONE CALLS. In order to be fair to our scheduled patients, every effort is made not to interrupt the provider/s during patient visits. Patient calls and messages are triaged by staff, and a member of our support staff may return responses to you.

NOTICE OF PRIVACY PRACTICES. I hereby acknowledge that I received a copy of this medical practice's Notice of Privacy Practices. I further acknowledge that a copy of the current notice will be posted in the reception area, and that a copy of any amended Notice of Privacy Practices will be available at each appointment.

CONTROLLED SUBSTANCE, NARCOTICS, PSYCHOTROPIC MEDICINES – *Before* a new patient with a history of controlled substance prescription use receives the first prescription from us : 1.) patient must provide medical records documenting previous medical work-up regarding the complaint necessitating these prescriptions and notes from previous physicians that prescribed these medications; 2.) must agree to urine comprehensive drug screen 3.) our office will search on California's Prescription Drug Monitoring Program database, (CURES - Controlled Substance Utilization Review and Evaluation System) for the patient's pattern of prescription drug use and, if long-term use is anticipated, 4.) execute a completed controlled substance contract.

PRESCRIPTION REFILLS. Please bring your medicine bottles at each office visit. This will allow us to reconcile medications, as well as check for medications that may be running out. We will gladly refill these medications at the same visit. For prescription refills, please call your pharmacy first as you may have refills remaining and request them to e-request or fax for fastest service. **Please allow two business days for completion of your prescription refill requests that is outside your visit date. To avoid running out of your medications request your prescriptions well in advance of weekends and holidays. It is important to keep your scheduled appointment to ensure that you receive timely refills. Repeated no shows or cancellations will result in a denial of refills. All prescriptions require a follow up appointment every 3 to 6 months, if not sooner.**

APPOINTMENT CANCELLATION.

We are committed to providing all of our patients with exceptional care. When a patient cancels without giving enough notice, they prevent another patient from being seen. **Please call us AT LEAST ONE BUSINESS DAY prior to your scheduled appointment** to notify us of any changes or cancellations.

OFFICE COMMUNICATION.

For office communication, I consent to receive automated text and voice messages at the phone number I will provide.

PATIENT TERMINATION.

You may be discharged from our office for non-adherence to follow-up visits (two no-shows, consecutive, or several cancellations), treatment plan, office policy, verbal abuse, or non-payment.

I understand that I will be charged a \$50 cancellation fee for appointments I fail to cancel within 1 BUSINESS DAY.

By signing my name below, I certify that I have read the above information. Any questions concerning these policies have been discussed. My signature also certifies my understanding of and agreement with the above policies. I understand I am responsible for all charges not paid by insurance. A photocopy of this document is as valid as the original.

SICK VISITS VS. WELL VISITS OR BOTH?

WELL VISIT / ANNUAL PHYSICAL

This is an office visit for a routine physical exam or yearly health maintenance exam. Annual physical exams target preventative care and are billed as such. Medication refills and/or other ailments, injuries, or illnesses addressed during an annual physical exam are billed IN ADDITION to the annual physical. These charges may be passed on to the patient. Please check with your insurance company to confirm your coverage for all types of doctor visits.

SICK VISIT

This is an office visit for an acute problem or flare-up of a chronic problem. This could also be an office visit to follow-up on chronic problems (Diabetes, Cholesterol, Blood Pressure, etc.).

SICK AND WELL VISIT

This is a combination visit of a routine physical exam where an acute or chronic issue is addressed as well. For example, if you presented today for a well visit and you have an acute or chronic issue you would like addressed, it is considered a combination visit and must be billed differently than just a well visit or just a sick visit.

WHY IT IS BILLED DIFFERENTLY

It is billed differently to account for the additional work, expertise and time required for a combination visit (additional lab work, x-ray, referrals and/or prescription medications). It involves additional documentation as well.

HOW THIS AFFECTS ME

Although many insurance companies acknowledge the sick/well visit combination, some of them still require the patient to pay co-pays or have additional costs applied to his/her annual deductible.

We realize this can be confusing, and if you have any questions or concerns after reviewing this material, please ask.
