Our Services

Retainer Medical Services

1

Is a method of accessing primary care for a fixed, low monthly fee. With retainer medical services, the focus of healthcare is returned to you and your family.

Preventive Primary Care

2

ASPIRE covers all standard primary care services (see List of Services)

Urgent Care

3

ASPIRE gives you and your family ready access to urgent care without the long wait at emergency rooms when an emergency room visit is not needed.

Our Mission

Our mission is our name, ASPIRE. Aspiring to bring back a better patient-provider relationship by making primary care affordable, accessible, and unhindered by third parties.

Who We Are

ASPIRE is a **retainer medical practice** in collaboration with Rose City Medical, LLC dba Rose City Urgent Care and Family Practice to provide affordable access to **primary care and urgent care services** throughout the greater Portland, Oregon area. We see the ever increasing premiums for health insurance plan options that have higher and higher deductibles associated with them, and created our retainer medical services with our patients in mind. ASPIRE is not health insurance, but health service coverage to assist with these ever increasing costs. **With a low monthly fee**, members can enjoy primary care and urgent care access to the most commonly used health services without having to pay co-insurance or co-pay amounts.
