Eager to tighten loose skin and wrinkles, but not so eager to go under the knife or get injected with fillers?

Dr. Goldban is now offering TempSure Envi.

TempSure Envi: No injections, no downtime or unnatural-looking puffiness – and no pain. TempSure Envi tightens skin and minimizes fine facial lines, and can also improve the appearance of cellulite, through innovative radiofrequency technology.

At Desert Ophthalmology, with location in Palm Desert, ophthalmologist and aesthetic expert Dr. Goldban and RN Elizabeth Aguilar has turned back the hands of time for countless satisfied patients using the ground-breaking TempSure Envi system.

As well, as injectable:

Restylane, Botox, Dysport and Juvéderm products.
