<u>Code</u>	<u>Exam</u>	<u>Description</u>	<u>Most Common Indicators</u>	<u>Patient Prep</u>	<u>Time Allotment (minutes)</u>
93923 & 93922	ABI with Exercise & Without Exercise	Waveforms and pressures of the Brachial Arteries in comparison with the Dorsalis Pedis and Posterior Tibial Arteries at rest and post 3 minutes of heel/toe raises	Leg pain, Claudication, Weak Pedal Pulse, PVD, Diabetes with PAD	No special preparation	30
93925	Lower Extremity Arterial Duplex	Doppler evaluation of the Right and Left Lower Extremity Arteries from the Common Femoral Artery down to the Dorsalis Pedis and Posterior Tibial Arteries	Leg pain, Claudication, Weak Pedal Pulse, PVD, Diabetes with PAD, Atherosclerosis, Arterial Ulcer	No special preparation	45
93930	Upper Extremity Arterial Duplex	Doppler evaluation of the right and left upper extremity arteries from the Common carotid artery down to the radial and ulnar arteries	Atherosclerosis, Numbness in Arms/Fingers, Weak Pulse	No special preparation	45
93978	Abdominal Aorta Duplex	2D and Doppler evaluation of the Proximal, Mid and Distal Abdominal Aorta, as well as the Right and Left Iliac Arteries	AAA, Atherosclerosis of Aorta, Abdominal Bruit, Ectasia	The patient must not have anything to eat or drink 6 hours prior to the exam.	30
76706	Abdominal Aorta Screen	2D evaluation of the Proximal, Mid and Distal Abdominal Aorta, Doppler of Distal, as well as the Right and Left Iliac Arteries	Welcome to Medicare Screen, H/O Tobacco Use	The patient must not have anything to eat or drink 6 hours prior to the exam.	30
93975	Renal Arterial Duplex	Color and Doppler evaluation of the Right and Left Segmental Arcuate Arteries, Right and Left Renal Arteries, Right and Left Renal Veins	HTN, Abd Bruit, Atherosclerosis, Renal Failure	The patient must not have anything to eat or drink 6 hours prior to the exam.	60
93970 & 93971	Upper Venous (unilateral 93970 or bilateral 93971)	Right and/or Left evaluation of Jugular Vein, Subclavian Vein, Axillary Vein, Brachial Veins, Basilic Vein, Cephalic Vein, Radial Veins and Ulnar Veins with compression and augmentation	Extremity Pain, Swelling/Edema, Cellulitis of Arm, DVT	No special preparation	40 (uni) or 60 (bi)
93970 & 93971	Lower Venous (unilateral 93970 or bilateral 93971)	Right and/or Left evaluation of External Iliac Vein, Common Femoral Vein, Femoral Vein, Popliteal Vein, Tibial/Peroneal Trunk, Posterior Tibial Veins with compression and augmentation	Extremity Pain, Swelling/Edema, Cellulitis of Leg, DVT, Venous Ulcer of Lower Extremity	No special preparation	40 (uni) or 60 (bi)
93306	Echocardiogram	Right Atrium, Right Ventricle, Left Atrium, Left Ventricle, All Valves and Valve Efficiency, Ejection Fraction	Abnormal EKG, Murmur, Palpitations, Shortness of Breath, Coronary Artery Disease, Atrial Fibrillation, Chest Pain, HTN, Heart Failure	No special preparation	45
