

AUGUST 2019

G. GARY GREEN, DMD  
certified prosthodontist

## Enjoy Your Vacation & Time off with Family!

### DENTAL TRAVEL TIP:

Schedule your cleaning and checkup before you travel to ensure any problems are identified and treated before you leave.

It's summer vacation time.... remember these dental health TIPS while traveling! And call Dr. Green right after your vacation. 973-228-0252.

shhh.. next "Back to School"

### TRAVEL

### DENTAL TRAVEL TIP:

If the water isn't safe to drink where you're vacationing, it's not safe for brushing either! Use bottled water instead.

## Happy 40th Anniversary in Dentistry Dr. Green! and Happy 100th Birthday to your Mom!

### Dr. Green & Mom Celebrate Milestones!

"I just marked my 40th year in dentistry, my 30th year in the Caldwell community and my mother's 100th birthday!

People are amazed to hear she just celebrated her 100th birthday. What they find even more amazing is that she still has all her natural teeth. She is proof that good oral hygiene helps maintain good overall health!" People are living longer and considering implants for missing teeth. Implants can last 20-30 years.

Dr. Green is a **Medicare Certified Provider**. With his expertise in advanced surgical placement of implants and bone grafting surgery, patients that qualify, may be able to use Medicare benefits to help defray up to 50% of cost. Call to see if you qualify.

**Medicare**

Certified  
Provider

**HEAT & TEETH.** Besides being extremely hot, the heat can also wreak havoc on your oral health. As your body gets dehydrated, you lose fluids in your mouth too. Less saliva means the possibility of more bacteria, weaker teeth, gum disease, cavities, bad breath & possible mouth sores.

BEAT THE HEAT for the rest of the summer:

*\* Stay hydrated, drink lots of water.*

*\* Use a sunscreen.*

*\* Stay in the shade.*

Visit Dr. Gary Green especially if you have had long exposure in the sun. Dr. Green can perform an oral examination to see if there are any issues that need addressing before they become more serious. Stay healthy the rest of the summer! Call **973-228-0252**.
