

“Hello!” from Dr. Nadia

I am so happy to have found this wonderful community to care for! Like Dr. Lesli, I have focused my career on *resolving challenging vision problems* with thoughtful and precise glasses and contacts, thorough examinations of *eye health*, and taking the time to make sure you truly *understand your eyes!*

MY BACKGROUND: Northern California native, *Nutritional*

Biochemistry B.S. at U.C. Davis, Doctor of Optometry at U.C. Berkeley, Clinical Faculty at U.C. Berkeley School of Optometry for seven years, a decade of practice in the bay area.

I am honored to continue Dr. Lesli's vision and passion for exceptional eye care. *We love eyeballs!*

Over the last year I have enjoyed getting to know so many of you. I look forward to meeting the rest and

welcoming you to our new space! Our new space is just downstairs in the courtyard of

Walnut Square, with fewer steps to walk up and a refreshingly open feel!

All my best,

Nadia
