Beach Obstetrics and Gynecology Medical Group
Financial Policy

Dear Patient,

Please take a few minutes to read the following. We have implemented these financial policies to help us function in today's increasingly difficult health care environment. These policies apply to all patients. We appreciate your understanding.

- At the initiation of each visit, a patient is required to show a copy of their current insurance card. If no card is available, the appointment will be canceled or will be a cash visit. If we already have a card on file, we will check your benefits prior to the visit.
- All co-payments, percentages, and deductibles will be collected at the time of the visit. We will then bill your insurance in a timely fashion, and dispense a refund if credit is due. Appointments may be canceled for failure to make co-payments.
- It is the patient's responsibility to understand their insurance benefits and what is covered. For services or medications not covered by insurance, payment in full will be necessary at the time of service.
- If an account remains delinquent after two months, a letter will be sent of our intent to send the account to a collection agency.
- Any payment not received by an insurance company within 60 days of billing becomes the responsibility of the patient, and is payable within another 30 days. If there is a problem with the insurance company or claim, we will gladly help the patient to correct the problem.
- For patients having surgery or in office procedures, we will check your insurance benefits. You will be responsible for estimated co-pays or deductibles prior to the procedure. Certain procedures will be canceled if the estimated payment is not received.
- For obstetrical patients, we will check your maternity benefits at the initiation os your pregnancy. Our billing department will discuss all potential charges, and give you an estimate of your portion. The amount will be collected by the 7th month of pregnancy. Payment plans will be created if necessary.

I have read and agree to the above financial policy.
