

## To Our Patients:

We have gone one step further in managing your healthcare. We have a patient portal, which is now attached to our website: **simplycare.net**

Managing your healthcare is an important step. With this website, you will be able to manage you healthcare information by giving you the ability to:

- 1.) Provide up-to-date personal and medical information
- 2.) Obtain, review, and print clinic lab results and medical information for you records to provide you with your healthcare information at any time.
- 3.) Search education material to help you improve and manage your health.
- 4.) Request a visit of refill on your medication.

The print out you receive when you check in will be your log in and password, please do not lose this. Give it a try and see what you think, we welcome any feedback you give

Thank You,

Dr. Mehta and Staff
