

Dear Patient:

Drs. Mat Aronoff, Shane Methal, Alicja McCrudden, and Josh Leibowitz, our assistants and hygienists, have all reserved a significant amount of time just for you. Our philosophy is to allow ample time to do a thorough job and we do not rush anybody. While we realize that circumstances may arise that prevent you from keeping your appointment, we require 48 hours' notice so that we may accommodate other patients. Otherwise, you may be charged a cancellation fee to partially offset our lost time and expenses. We hope you understand and thank you very much for your cooperation.

In addition, please be advised that for long appointments (1hr or more) a deposit is required. Some conversations may be recorded for the purpose of quality control, training and record keeping.
