OF GREATER NEW HAVEN

Internal Medicine of Greater New Haven, LLC (IMGNH) and Chase Medical Research, LLC (CMR) have partnered to establish a clinical research site in Hamden. This site, named CMR of Greater New Haven, LLC (CMRGNH), offers multi-therapeutic clinical trials to patients in greater New Haven.

CMRGNH is currently enrolling volunteers in a variety of clinical trials and is staffed with experienced clinical research coordinators and physician investigators, with a focus on quality and caring.

You may qualify to participate in a current or future clinical research trial of an investigational medication. There is no cost to you and you may also be compensated for travel.

To receive clinical trial updates and free health information from Chase Medical Research, please provide the following information: *(You may opt-out of email communication at any time)*
