BRING IT ON, 2020!

**NEW YEAR,
NEW YOU!**

Take care of your skin and take care of your health! Make
PREVENTING shingles YOUR NEW YEARS RESOLUTION!

And as always, we have many new specials to help you look
your best!

Love, The HK Family

Office Announcements:

- We are happy to announce that Jasmin has returned from maternity leave.
- Atoussa is having surgery and will be out of the office from Jan 17 through early to mid February.
- Dr. Norma and Dr. Klein will do their best to accommodate patients that

Reminders:

Appointments that Fit *YOUR* Schedule!

Dr. Norma continues to offer
"Virtual Appointments!"

Can't miss school or work, need
to be "seen" prior to getting a
refill?

Visit kleinmd.com and click
on "**Start an Online Visit**"!

We Want to Hear from *YOU*!

We are asking our happy patients
to leave a positive review
on [Yelp](#) or [Google](#).

Studies show that new patients
look at reviews before choosing a
doctor and your positive reviews
are greatly appreciated.

Also we will continue to send
emails or texts to our patients to
inquire about your satisfaction.
We welcome your feedback!

Did you know that one out of three people will develop shingles in their lifetime?

And you can prevent being one of them.

- Shingles is an extremely painful illness, and can result in a chronic painful condition called Post Herpetic Neuralgia (PHN).
- You can prevent shingles by getting *two doses of the Shingrix Vaccine*.
- **However, the vaccine is often on back order and HK Dermatology is one of the few who offers the Shingrix Vaccine at \$200 per dose.**
- Additionally, for those patients unfortunate enough to develop shingles, Dr. Klein offers a treatment that dramatically improves the pain of both acute and chronic shingles.

It is recommended that patients receive two doses. We are charging \$200 per dose. **You simply need to make an appointment with the nurse to receive the vaccine.** You may purchase one dose at a time, or you can prepay and reserve your second dose, which should be given two months after the original dose.
