Welcome to Trinity Women's Health. Please read carefully this important information regarding your responsibility for payment for your care and services.

The providers at Trinity Women's Health are participating providers with most insurance companies. However, our list of accepted insurances is subject to change at any time and not all plans under all companies are accepted. In order to avoid unexpected changes, please confirm that your particular health plan is accepted by Trinity Women's Health. You should reach out to your carrier when you initiate care to familiarize yourself with the limits of your policy and what will and will not provide coverage for. We do our best to guide patients through this process, but ultimately it is impossible for us to keep abreast of the requirements in the thousands of insurance products on the market. It is an individual patient responsibility to understand the provisions, limits, and requirements of their individual benefit plan(s) and advise us accordingly.

Please be aware that, except as contractually agreed otherwise by Trinity Women's Health, patients are ultimately responsible for insuring payment for all medical services provided. If a carrier denies payment for services because a plan requirement was not met, services were considered "non covered", the plan benefits were exceeded, care is considered medically unnecessary, or treatment is considered experimental, among other reasons, patients will be held accountable for those charges. Although Trinity Women's Health will submit a claim to insurance for our patients, if your insurance requires you to pay a co-payment and or deductible, you will be required to pay that portion at time of service

LABWORK: Please be aware that Trinity Women's Health has no role in or control over billing issues related to clinical laboratory fees. If you have any questions about bills received for laboratory charges or insurance coverage available to you, please contact the clinical laboratory in question and / or your insurance carrier. We regret that our billing staff cannot be of assistance to you in mitigating laboratory charge issues.

Please **circle** which lab you would like Trinity Women's Health to use for you. **If you have an HMO you will have to use LAB Corp.**

Appointment Cancellations:

When you make an appointment, we reserve time specifically for you. Unfortunately, when a patient does not show for their schedule appointment, another patient loses an opportunity to be seen. Therefore, if you need to cancel or re-schedule, you are asked to notify us as soon as possible, by no later than 24 hours in advance. Appointments cancelled without 24 hours notice or same day will be assessed a cancellation fee of \$50.00. Habitually cancelling your appointments may cause us to ask you to find another physician for your healthcare needs.

ZERO Tolerance policy: Trinity Women's Health adheres to a zero-tolerance policy and has the right to terminate a relationship with any patient who's abusive (including yelling or threatening physicians, staff, or others), who fails to follow directions or who does not pay for/make arrangements to pay for services. If such a form is unavailable, then we will collect all charges and then you will be responsible for billing your insurance company.

Prior authorization is a requirement of many HMO's and their procedures and policies MUST be followed.

Our office will bill your secondary insurance as a courtesy to you one time. If your secondary insurance does not respond to our billing, we will transfer the remainder of the charge to you. At your request, we will assist you with any information you may need to bill your secondary again.

CASH: If you do not have insurance, you will be expected to make payment at the time of service. Please stop at the front desk after each Gynecological or Obstetrical visit.

ALL OBSTETRICAL PATIENTS: An account will be established on your first visit. If you have pregnancy health insurance coverage it will not be billed until you have delivered. However, any additional fees not included in your obstetrical care, such as ultrasounds, are due and payable at the time of service.
