Dear Provider,

We would like to thank you for referring your patients to us here at Intermountain Spine & Orthopaedics (ISO). We appreciate the opportunity to care for your patients. Our staff prides themselves in providing the best comprehensive orthopaedic care possible. We have satellite offices in both Burley and Rexburg for ease and convenience of the patients in those and the surrounding areas. We are currently seeing patients in Burley and Rexburg at least twice a month.

Recent changes in insurance approvals for surgery have caused some patients atypical/unexpected delays in treatment as further conservative approaches are tried. To assist us in providing timely care to your patients, we would ask that the following information be included upon referral:

- Demographic Sheet
- Healthy Connection or referral request to insurance
- Chart Notes
- Injection and Operative reports
- List of prescribed medications
- Past and/or present physical therapy progress notes
- Imaging Report/s
- Any supplemental doctor notes
- Medical, surgical, family, & social histories

We appreciate your trust and confidence as you choose to continue to refer your patients to Intermountain Spine & Orthopaedics.

Respectfully,

David M. Christensen and ISO Staff
