Introducing Our Newest Clinician! Dr. Vered Stolarski

Dr. Vered Stolarski was born and raised in Ramat Gan, Israel. She had a career as a teacher and educator in public and private schools in Israel and the United States. She obtained her PsyD in Clinical Psychology from The Professional School of Psychology, Sacramento, California in 2019. She is as a lifelong yoga practitioner and instructor and has special interest in movement, yoga therapy, and body intelligence. She draws ideas from positive psychology and the wisdom of body-mind integration philosophies. Dr.

Stolarski is bilingual in Hebrew and English. She is currently obtaining her predoctoral internship at RehabOne focusing on health and pain psychology under the supervision of Dr. Janet Kraemer.

**Dr. Stolarski will be treating patients in our
Los Gatos office.**

Physical Medicine & Rehabilitation (PMR)

That's Our Specialty! Physical Medicine and Rehabilitation, also known as Physiatry or Rehabilitation Medicine, aims to enhance and restore functional ability and quality of life to those with physical impairments or disabilities affecting the brain, spinal cord, nerves, bones, joints, ligaments, muscles, and tendons. Our clinicians' goals are to maximize our patients' independence in activities of daily living and improve quality of life. Physiatrists are experts in designing comprehensive, patient-centered treatment plans, and are integral members of our care team.
