**Instructions for the Use  
of the HIPAA-compliant Authorization Form to  
Release Health Information Needed for Litigation**

This form is the product of a collaborative process between the New York State Office of Court Administration, representatives of the medical provider community in New York, and the bench and bar, designed to produce a standard official form that complies with the privacy requirements of the federal Health Insurance Portability and Accountability Act ("HIPAA") and its implementing regulations, to be used to authorize the release of health information needed for litigation in New York State courts. It can, however, be used more broadly than this and be used before litigation has been commenced, or whenever counsel would find it useful.

The goal was to produce a standard HIPAA-compliant official form to obviate the current disputes which often take place as to whether health information requests made in the course of litigation meet the requirements of the HIPAA Privacy Rule. It should be noted, though, that the form is optional. This form may be filled out on line and downloaded to be signed by hand, or downloaded and filled out entirely on paper.

When filing out Item 11, which requests the date or event when the authorization will expire, the person filling out the form may designate an event such as "at the conclusion of my court case" or provide a specific date amount of time, such as "3 years from this date".

If a patient seeks to authorize the release of his or her entire medical record, but only from a certain date, the first two boxes in section 9(a) should both be checked, and the relevant date inserted on the first line containing the first box.

**HEALTH INFORMATION EXCHANGE, CARE EVERYWHERE  
AND HEALTHIX CONSENT FORM**

Patient MRN:

Please Fax signed consents to: 917-829-2096

In this Consent Form, you can choose whether to allow the health care providers listed on the NYU Langone Health System Health Information Exchange ("HIE") website <http://health-connect.med.nyu.edu/> ("HIE Participants") and non-NYU Langone health providers who may request access to your medical records for purposes of current treatment ("Care Everywhere Providers") to obtain access to your medical records through a computer network operated by the HIE. In order for a Care Everywhere Provider to know that information may be available through the HIE, you must tell them that you were/are a patient of an HIE Participant and that such information may be available upon request. This can help collect the medical records you have in different places where you get health care, and make them available to the providers treating you.

You may also use this Consent Form to decide whether or not to allow employees, agents or members of the medical staffs of NYU Langone Health System and affiliated entities to see and obtain access to your electronic health records through Healthix, which is a Health Information Exchange, or Regional Health Information Organization, a not-for-profit organization recognized by the state of New York. This can also help collect the medical records you have in different places where you get healthcare, and make them available electronically to the providers treating you. This consent also gives your permission for any NYU Langone Health System and affiliated entities program in which you are a patient or member, to access your records from your other healthcare providers authorized to disclose information through Healthix. A complete list of current Healthix Information Sources is available from Healthix and can be obtained at any time by checking the Healthix website at <http://www.healthix.org> or by calling 877-695-4749. Upon request, your provider will print this list for you from this website.

**YOUR CHOICE WILL NOT AFFECT YOUR ABILITY TO GET MEDICAL CARE OR HEALTH INSURANCE COVERAGE. YOUR CHOICE TO GIVE OR TO DENY CONSENT MAY NOT BE THE BASIS FOR DENIAL OF HEALTH SERVICES.**

The HIE and Healthix share information about people's health electronically and securely to improve the quality of health care services. This kind of sharing is called ehealth or health information technology. To learn more about ehealth in New York State, read the brochure, "Better Information Means Better Care". You can ask your health care provider for it, or go to the website [www.ehealth4ny.org](http://www.ehealth4ny.org).

**PLEASE CAREFULLY READ THE INFORMATION ON THE FACT SHEET BEFORE MAKING YOUR DECISION.**  
Your Consent Choices. You can fill out this form now or in the future. You have the following choices:

Please check one box  below:

1. **I GIVE CONSENT** to ALL of the HIE Participants listed on the HIE website and Care Everywhere Providers to access ALL of my electronic health information through the HIE and **I GIVE CONSENT** to ALL employees, agents and members of the medical staffs of NYU Langone Health System and affiliated entities to access ALL of my electronic health information through HEALTHIX in connection with any of the permitted purposes described in the fact sheet, including providing me any health care services, including emergency care.

2. **I DENY CONSENT** to the HIE Participants listed on the HIE website and Care Everywhere Providers to access my electronic health information through the HIE and **I DENY CONSENT** to employees, agents and members of the medical staffs of NYU Langone Health System and affiliated entities to access my electronic health information through HEALTHIX for any purpose, *even in a medical emergency*.

NOTE: UNLESS YOU CHECK THE "I DENY CONSENT" BOX, New York State law allows the people treating you in an emergency to get access to your medical records, including records that are available through the HIE and HEALTHIX. IF YOU DON'T MAKE A CHOICE, the records will not be shared except in an emergency as allowed by New York State Law.
