

Press Release

5.00 PM ET

Raleigh, NC

Dr Urvi Ravindran DDS has made the decision to reschedule all routine dental hygiene visits for the next 14 days.

Leesville Dental Studio has implemented policies to comply with “Social Distancing” and other recommendations from the CDC and Surgeon General.

Leesville Dental Studio COVID 19 Policy:

- All patients, and individuals entering Leesville Dental Studio will be contacted before arrival. Any person that verbally confirms signs, or symptoms suggestive of COVID 19 will be rescheduled and not allowed in the facility.
- Employees are required to complete a COVID- 19 screening every morning before interacting with patients.
- All individuals will be required to fill out a COVID- 19 questionnaire and drop it in a box. We ask that you stand behind the line demarcated in the waiting room.
- Dr. Ravindran will review each questionnaire and determine if it is okay to proceed with care. If we ask you to leave it's a decision based off current guidelines to prevent community spreading. Our staff is trained to refer you if needed to a “COVID-19 Testing Facility”. If required we will fill out the “COVID-19 PUI” form and email it NC Department of Health for you.
- Patients brought back for treatment will be required to wash their hands before and after their appointments. ***We will observe no hand-shaking.***
- No more than 6 individuals (including employees) will be allowed in the entire facility at one time.

## FAQ:

- We are not ordering PPE in bulk and we are aware of the need of PPE for hospitals and acute situations.
- We can't provide you with masks, or infection control products to take home
- The overall safety of our patients and our community is my number one priority.
- Why are we not closing completely? We want to prevent dental emergencies and dental emergent situations from putting a strain on the hospital urgent care network.
- Please feel free to call or email me with any of your questions.

Thank you,

Dr Urvi Ravindran DDS
