

Dr. Jenson's Office Protocols During the Coronavirus

Our office remains open to continue helping you regain your mobility even during the Coronavirus ...

If you are able to make it in to the office for an appointment, our practice will be to directly place you in an evaluation room, to then fill out any paperwork and wait for the Doctor. We are committed to your safety. Rest assured, as always, we follow the best possible sterilization and disinfection protocols before each patient is roomed.

If you are not able to make it into the office for a traditional visit, we are implementing a temporary emergency Non-Face-To-Face Telephone or Digital Face-To-Face Consultation for those that qualify and are in need of evaluation. Upon approval, evaluations need to be scheduled with our office staff just as any other appointment, for Dr. Jenson to then call with a 15 minute appointment to discuss your medical concern.

Should a mandatory quarantine of our practice or the local area be put in place, a plan will be developed at that time, and we will keep you informed by email.

We ask that you reschedule, wait to be seen, or inquire of the possibility of a Digital or Non-Face-To-Face Phone Consultation, if you have been in contact with someone with known or suspected Coronavirus (COFID-19), or have any of the following symptoms; fever, headache, runny nose & sneezing, cough & sore throat, chills & fatigue or shortness of breath, or have been to or around someone that has been to the following countries or regions in the last 14 days; China, Iran, Italy, Japan, and or South Korea.

For the most up-to-date- information on the virus, treatments, FAQs, news and more, please visit the following official health organizations: Centers for Disease Control & Prevention (CDC) www.DCD.gov, World Health Organization (WHO) www.WHO.int, Department of Public Health dshs.state.tx.us.

Thank you for trusting Dr. Jenson to your Podiatry care, we look forward to helping you get back on your feet one step at a time!
