**\*Please initial in the space provided to acknowledge that you have read the information below.\***

\_\_\_\_\_ Please note once a denial from work comp or auto is received, we will file to your health insurance. If there is a legal case pending, the account balance is the patient's responsibility and payments are still due. If your workers' compensation/auto insurance in the future decides to accept responsibility for the medical expenses, our office will promptly return your payments.

\_\_\_\_\_ If this is a No-fault Claim/Liability Claim, the full amount of account balance is due. There will be no negotiation.
