

# FLORIDA ORTHOPEDIC

*Foot & Ankle Center*

## **URGENT CARE for Foot, Ankle & Leg injuries**

Serving Sarasota, Bradenton, Lakewood Ranch, Venice, Northport, Parrish and surrounding communities!!!

**For faster service and lower cost than an emergency room, come to Florida Orthopaedic Foot & Ankle Center Urgent Care.**

If you have, unfortunately, sustained a foot or ankle injury which requires medical attention, our office holds available appointments for emergent evaluations. We reserve same day appointments for life's unexpected foot and ankle injuries. Call us and be seen the same day or night! Our physicians are capable of handling trauma sustained below the knee including fractures, contusions, musculoskeletal trauma such as tendon tears, tendonitis, puncture wounds, crush injuries, infections and other injuries that may occur to the foot, ankle and leg. Our state-of-the-

art office is equipped with digital x-ray and ultrasound technology, which can be performed on site prior to seeing the physician.

We understand Emergency Room co-pays can be expensive and wait times can be exhaustive. We offer our urgent care service to expedite your diagnosis, treatment, and recovery. If your insurance plan requires a referral to visit a medical specialist, please obtain such a referral prior to your appointment. If you are unsure if a referral is required, please contact our office at 941.924.8777. If you are calling after hours, please use the on-call emergency phone at 941.724.2343 (this number is only for emergencies and not for prescription refills). If you have suffered an injury which could be life threatening, please call 911 or visit your local Emergency Department.

**We accept patients ages one and up.**

**You save time and money and will be treated by a physician and not a PA or Nurse.**

**Additionally, wait times are much shorter than they would be at a traditional urgent care facility or an emergency room.**

**No appointment is necessary, but calling ahead and registering can save additional time.**

**FLOFAC Urgent Care hours:**

Monday-Sunday: 24 hours

We are credentialed as a specialist, which differs from a traditional Urgent Care or Walk-in Clinic. Therefore, we recommend that you call ahead or contact your insurance company to verify referral or authorization requirements prior to your arrival to eliminate any unnecessary wait time.
