Center for Women's Health
1855 N. Webb Road
Wichita, KS 67206

Dear Center for Women's Health,

Thank you for your generosity and warmth toward The Treehouse. Your gifts of formula and magazines will directly impact the families we serve. Often the heartfelt gifts we give the women are the catalyst to building lifelong relationships.

In 2012 alone, The Treehouse changed over 32,000 diapers and placed 2,850 cans of formula into the hands of mothers, each eager to comfort their hungry child. Programs reached an all time high of 1,750 visits. Moms were eager to attend budgeting, nutrition, relationship and community awareness classes. With the private donations of gently used clothing The Treehouse thrift store was able to distribute 14,800 pounds of clothing to families in need.

Our mission to offer mothers and babies a brighter future through sharing God's love, basic necessities, education and genuine personal care cannot happen if we don't have the support of the community. Please share our cause to your friends and family.

The Treehouse needs your prayers and support in 2013.

God Bless,

Cristin Coats
Operations Manager
The Treehouse

Nurturing moms so babies can bloom since 2002.

Note: No goods or services were given in exchange for this donation. Please retain this portion for your records.
