B-Complex Vitamins

B-complex vitamins may help keep skin and blood cells healthy as well as convert nutrients into energy.

Ascorbic Acid

Ascorbic acid can act as an antioxidant that may help protect cells from free-radical damage, absorb iron, create collagen and boost immunity.

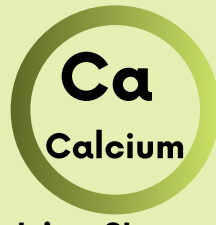

Magnesium Chloride

Magnesium chloride can help improve immunity, decrease risk of developing migraines, improve relaxation and more.

Hydroxo B12

Hydroxo B12 is designed to help treat low levels of Vitamin B12, as well as promote healthy brain function, blood, cells and nerves.

Calcium Gluconate

Calcium gluconate helps promote healthy bones and the normal functioning of muscles, nerves and cells in the body.

Zinc Chloride

Zinc chloride is used to help reduce the duration of illnesses, prevent infection and speed up the body's healing process.

Amino Blend

This blend of essential amino acids can help enhance athletic performance, decrease muscle loss, burn fat more quickly and improve metabolism speed.

Mineral Blend

This essential blend of minerals helps reverse the effects of dehydration, remove toxins and replenish vitamins.

Zofran

Zofran is used to calm the stomach, reduce nausea, vomiting, and heartburn to help reduce symptoms of sickness and dehydration from hangovers.

Glutathione

One of the most essential antioxidants. It helps to neutralize free radicals that are damaging to all cells. Helps sun-damaged skin, reduces hyper pigmentation, boosts the immune system, & detoxifies the body.
