

## *Welcome!*

Welcome to the *Lane Fertility Institute*, and the fertility practice of Danielle Lane, M.D. Our goal is to ensure that you receive the very best care in a warm, personal and stress-free environment. At each of our locations in Marin, San Francisco and Oakland, we work hard to ensure that your visits to our offices are as productive as possible, and all your questions and concerns are answered. We understand that this is a stressful time for our patients and their partners, and that the very nature of fertility care is time-critical, which is why we are available to our patients 24 hours a day if necessary. At all stages of the fertility process, our aim is to provide outstanding medical care in a friendly, relaxed and calm environment.

Your initial consultation with Dr. Lane will last about 90 minutes, and we welcome partners to these consultations. In addition to a complete review of your medical history and current lifestyle, we will perform an ultrasound to evaluate your uterus and ovaries. Any medical records you have provided before your appointment will be reviewed and if additional records are needed or laboratory testing needs to be performed, we will discuss these with you either in person or by telephone, once all materials have been received.

Together, we will develop a treatment plan for you that most efficiently helps you reach your desired goal – having a baby. There are many different options, but the plan we agree upon will be tailored to suit your own personal needs. We are proud of our stellar success rates at all patient age ranges, and with all treatment options.

We also work alongside an acupuncturist and a family therapist, to complement our medical services. These therapists are available for consultation, should you wish to include these in your treatment protocol. We also have our own in-house egg donor program.

Please take a look at the information we have enclosed with this letter. We have also included several forms for you to complete ahead of your appointment with us. Be sure to bring these with you at the time of your appointment, along with your insurance card. We happily accept Marin/Sonoma IPA, Aetna, Sutter Select, Interplan, Multiplan, Cigna, Galaxy, Health Net, Great West, PHCS and USA MCO insurance.

We look forward to working with you. Please do not hesitate to call us if you have questions, on 415-893 0391, or visit our website at [www.lanefertilityinstitute.com](http://www.lanefertilityinstitute.com).
