QUICK REFERENCE GUIDE
WHY CARRY OUR CORE PRODUCTS?

NO OTHER COMPANY CAN COMPETE WITH:

1. TNS ESSENTIAL SERUM®: Combines 93.6% Tissue Nutrient Solution® (TNS®)—a nutrient-rich, proprietary blend of growth factors and other naturally occurring elements—with a serum that includes 7 antioxidants, 3 peptides, and specialty ingredients to improve the overall appearance of skin. A truly all-in-one skin rejuvenating product.

2. HA5 REJUVENATING HYDRATOR: 5 types of hyaluronic acid combine to provide immediate smoothing in the appearance of fine lines and wrinkles, and support the skin’s natural ability to replenish its own hyaluronic acid for overall skin health.

3. LYTERA® SKIN BRIGHTENING COMPLEX: Brightens dull skin and minimizes the appearance of skin discoloration and dark spots. Improvements seen as early as 4 weeks.

4. TOTAL DEFENSE + REPAIR BROAD SPECTRUM SUNSCREEN: Revolutionary superscreen with a powerful blend of antioxidants goes beyond UV protection to defend against harmful infrared rays while supporting the skin’s ability to restore itself.

5. RETINOL COMPLEX: Renews the skin and diminishes the appearance of fine lines.

6. SKINMEDICA® PEELS (ILLUMINIZE PEEL®, VITALIZE PEEL®, AND REJUVENIZE PEEL™): For mild to severe skin imperfections. Brightens skin for a more youthful appearance. Reduces the appearance of fine lines, wrinkles, sun damage, and pigmentary irregularities.
REJUVENATION

TNS ESSENTIAL SERUM®
TNS RECOVERY COMPLEX®
HA⁵ REJUVENATING HYDRATOR
SKIN TYPE: All skin types
APPLICATION: AM/PM

KEY INGREDIENTS:
- CHAMBER 1: TNS Recovery Complex®
  - TNS® (Human Fibroblast Conditioned Media)
- CHAMBER 2: APS Corrective Complex™
  - Dipalmitoyl hydroxyproline
  - Palmitoyl tripeptide-5
  - EGT (ergothioneine)
  - Coenzyme Q10 (ubiquinone)
  - Green tea
  - Vitamins C and E
  - Alpha arbutin

BENEFITS:
- A comprehensive rejuvenating product
- Improves the appearance of fine lines, wrinkles, and the overall tone and texture of skin*,†
- TNS Recovery Complex® works synergistically with peptides to help support rejuvenation of skin.
- 7 antioxidants help prevent free radical damage
- Specialty ingredients help brighten the skin

SIZE:
- Retail: Net Wt. 1 oz.

THINK THREE:
1. A comprehensive rejuvenating product with growth factors, antioxidants, peptides, and specialty ingredients.
2. Improves the appearance of fine lines, wrinkles, and the overall tone and texture of skin*.†
3. TNS Recovery Complex® works synergistically with peptides to help support rejuvenation of skin.

SKIN TYPES: All skin types

APPLICATION: AM/PM

KEY INGREDIENTS:
• TNS® (Human Fibroblast Conditioned Media)
  – Growth factors
  – Matrix proteins
  – Soluble collagen

BENEFITS:
• Potent growth factor blend helps improve the appearance of fine lines and wrinkles, and the overall tone and texture of skin
• Reduces the appearance of age spots
• Enhances resiliency

SIZE:
• Retail: Net Wt. 0.63 oz.

THINK THREE:
1. Contains the patented physiologically balanced growth factor blend, TNS®
2. Helps improve the appearance of fine lines, wrinkles, age spots, and skin tone and texture.
3. Helps to support skin rejuvenation.
SKIN TYPES: All skin types

APPLICATION: AM/PM

KEY INGREDIENTS:
- Time release hyaluronic acid (HA)
- Sodium hyaluronate
- Uncross-linked HA
- Nano HA
- Cross-linked HA
- VITISENSCE™ Technology:
  - *Vitis* flower stem cell extract, peptide complex, polysaccharides from French Polynesia and plankton extract

BENEFITS:
- Provides immediate smoothing in the appearance of fine lines and wrinkles
- Supports the skin’s natural ability to replenish its own hyaluronic acid and supports long-term skin health

SIZES:
- Retail: Net Wt. 2 oz.
- Back bar: Net Wt. 8 oz.

THINK THREE:
1. Smooth, hydrated skin depends on hyaluronic acid (HA), a natural “water-loving” molecule found in the skin. HA holds in moisture, keeping skin healthy, resilient, and supple.

2. HA⁵ has a proprietary mix of 5 HA forms that smooth the skin, thereby decreasing the appearance of fine lines and wrinkles.

3. HA⁵ is powered by VITISENSCE™ Technology, a SkinMedica® exclusive technology that harnesses potent antioxidants found in *Vitis* flower stem cells to support the skin’s ability to replenish its own HA.

AGE DEFENSE
**THINK THREE:**

1. Rejuvenating superscreen prevents the appearance of premature aging from chronic exposure to infrared rays.
2. Provides comprehensive protection beyond UVA and UVB while supporting the skin’s ability to restore itself.
3. Proven to deliver statistically significant improvements in the appearance of lines and wrinkles and in skin texture and smoothness.

---

**TOTAL DEFENSE + REPAIR**

**BROAD SPECTRUM SUNSCREENS:** SPF 34, SPF 34 TINTED, AND SPF 50+

**SKIN TYPES:** All skin types

**APPLICATION:** AM

**KEY INGREDIENTS:**
- SOL-IR™ Advanced Antioxidant Complex

**ACTIVE INGREDIENTS:**

**BENEFITS:**
- DEFENDS: Protects skin from harmful infrared rays (IR-A rays), as well as UVA and UVB
- REJUVENATES: Helps protect and correct the signs of aging
- PA++++*: Highest level of UVA protection available
- Paraben free, oil free, fragrance free
- SPF 34: For daily use
- SPF 34 Tinted: Daily use with sheer coverage
- SPF 50+: Active use formulation proven to be water resistant up to 80 minutes

**SIZES:**
- Retail: Net Wt. 2.3 oz.
- Back bar: Net Wt. 8 oz.

---

*The UVAPF value provides information on the magnitude of UVA protection and helps determine the UVA classification of topical sunscreen products. In Japan, the PA rating system (PA+, PA++, PA+++, PA++++) is used to classify UVA protection. PA ratings are not a USFDA requirement on sunscreens sold in the US.

*Data on file at SkinMedica®.*
SKIN TYPE: All skin types; ideal for skin that has been preconditioned by retinoid use

APPLICATION: PM: Begin using 2 times a week (2-3 days apart), gradually increase to every other night then advance to each evening or as tolerated

KEY INGREDIENTS:
• Retinol
• *Dunaliella salina* extract (antioxidants: phytoene and phytofluene)
• Palmitoyl tripeptide-8

BENEFITS:
• Enhances skin tone, texture, and resiliency
• Helps minimize irritation with Phytoshield™ Complex, an encapsulated antioxidant complex
• Minimizes the appearance of fine lines and wrinkles
• Reduces the appearance of dark spots, resulting in a more even skin tone

SIZES:
• Retail: 1 fl. oz.
• System:
  - LYTERA® Skin Brightening System: 1 fl. oz.*

CAUTION:
Women should not use Retinol Complex if they are pregnant, lactating, or planning to become pregnant.

THINK THREE:
1. Clinical study shows similar cosmetic efficacy when Retinol Complex 0.25, Retinol Complex 0.5, and Retinol Complex 1.0 were compared to 3 strengths of tretinoin, respectively (0.025%, 0.05% and 0.1%).†
2. Helps smooth and refine skin.
3. Reduces the appearance of dark spots, resulting in a more even skin tone.

†Data on file at SkinMedica®.
SKIN TYPE: All skin types
APPLICATION: AM

KEY INGREDIENTS:
• Aqueous vitamin C (L-ascorbic acid)
• Lipid vitamin C (tetrahexyldecyl ascorbate)
• Tocopherol (oil-soluble form of vitamin E)

BENEFITS:
• Vitamins C and E work synergistically to help prevent free radical damage
• Silicone suspension system prevents oxidation and delivers vitamins C and E to skin throughout the day
• Improves the appearance of skin tone, texture, and firmness

SIZE:
• Retail: Net Wt. 1 oz.

THINK THREE:
1. Vitamins C and E work synergistically to fight free radicals and improve the appearance of skin tone.
2. Silicone suspension system prevents oxidation and delivers vitamins C and E to skin throughout the day.
3. Improves the appearance of skin texture and tone.
SKIN TYPE: All skin types

APPLICATION: AM/PM (prior to moisturizer)

KEY INGREDIENTS:
• Hydrolyzed hyaluronic acid
• Sodium hyaluronate
• Xylitylglucoside, anhydroxylitol, xylitol
• Wakame kelp (*Undaria pinnatifida*) extract
• Betaine
• Vitamin B5

BENEFITS:
• Helps replenish skin’s moisture reservoir
• Helps maintain resiliency
• Proven to enhance the benefits of daily moisturizer*

SIZE:
• Retail: 1 fl. oz.

SKIN TYPE: All skin types

APPLICATION: As needed throughout the day

KEY INGREDIENTS:
STEP 1: TNS Lip Renewal™
• TNS® (Human Fibroblast Conditioned Media)
• Marine filling spheres
• Hyaluronic filling spheres
• *Butyrospermum parkii* (shea butter)
• Ceramide NP
• Palmitoyl tripeptide-1

STEP 2: Lip Plumper
• Benzyl nicotinate (lipid-soluble niacin derivative)
• Glycine soja (soybean) oil
• Hydrogenated polyisobutene

BENEFITS:
STEP 1: TNS Lip Renewal™
• Delivers skin smoothing and softening effect
• Proven to improve the appearance of lip texture and condition*
• Enhances lip fullness

STEP 2: Lip Plumper
• Enhances natural lip color
• Proven to enhance fullness of the lips for a more youthful look*

SIZE:
• Each tube: Retail: Net Wt. 0.05 oz.

SKIN TYPE: All skin types

APPLICATION: AM/PM

KEY INGREDIENTS:
• Vitamins A, C, and E
• *Camellia sinensis* (green tea) extract
• Kojic acid
• Willow bark extract
• Licorice root extract

BENEFITS:
• Gently smoothes the sensitive skin around the eyes
• Reduces the appearance of puffiness
• Improves the appearance of fine lines

SIZE:
• Retail: Net Wt. 0.5 oz.
SKIN TYPE: Normal or combination skin

APPLICATION: AM/PM

KEY INGREDIENTS:
• TNS® (Human Fibroblast Conditioned Media)
• Palmitoyl tetrapeptide-7
• Palmitoyl tripeptide-1
• Boron nitride
• N-hydroxysuccinimide and chrysin

BENEFITS:
• Reduces the appearance of dark circles
• Helps to improve the appearance of fine lines and wrinkles
• Enhances skin texture

MOISTURE LEVEL: 2

SIZE:
• Retail: Net Wt. 0.5 oz.

THINK THREE:
1. TNS® and peptides work synergistically to reduce the appearance of fine lines and wrinkles.
2. Reduces the appearance of dark circles.
3. Enhances skin resiliency.
SKIN TYPE: All skin types

APPLICATION: AM/PM

KEY INGREDIENTS:
• TNS® (Human Fibroblast Conditioned Media)
• Vitamins A, C, and E
• Palmitoyl tetrapeptide-7
• Palmitoyl tripeptide-1
• N-hydroxysuccinimide and chrysin
• Boron nitride

BENEFITS:
• Growth factors and peptides work synergistically to improve the appearance of fine lines and wrinkles
• Helps reduce the appearance of dark circles
• Hydrates the fragile skin around the eyes

MOISTURE LEVEL: 4

SIZE:
• Retail: Net Wt. 0.5 oz.

THINK THREE:
1. Rich cream formula contains TNS®, peptides, and antioxidants.
2. Reduces the appearance of dark circles and enhances resiliency.
3. Hydrates the fragile skin around the eyes.
LYTERA® SKIN BRIGHTENING COMPLEX
LYTERA® SKIN BRIGHTENING SYSTEM
AHA/BHA EXFOLIATING CLEANSER
AHA/BHA CREAM
THINK THREE:

1. LYTERA® has a robust, comprehensive mechanism of action and multimodal formulation to address 4 distinct, critical pathways that contribute to hyperpigmentation.

2. Clinical studies show similar cosmetic efficacy to 4% hydroquinone.*

3. Results as early as 4 weeks, with continued long-term improvement over 6 months*.†

**SKIN TYPE:** All skin types

**APPLICATION:** AM/PM

**KEY INGREDIENTS:**
- 4-ethoxybenzaldehyde
- Hexylresorcinol
- Tetrapeptide-30
- Tetrahexyldecyl ascorbate

**BENEFITS:**
- Effectively reduces the appearance of skin discoloration and dark spots creating a more even skin tone
- Clinical studies show similar efficacy to 4% hydroquinone*
- Results seen in as early as 4 weeks with continued improvement over time*.†

**SIZES:**
- Retail: 2 fl. oz.
- LYTERA® Skin Brightening System: 2 fl. oz.

**CAUTION:**
Women should not use LYTERA® if they are pregnant, lactating, or planning to become pregnant.

SKIN TYPE: All skin types

INCLUDES:
- AHA/BHA Exfoliating Cleanser: 6 fl. oz.
- LYTERA® Skin Brightening Complex: 2 fl. oz.
- Retinol Complex 0.5 or Retinol Complex 1.0: 1 fl. oz.

APPLICATION: AM/PM
- AHA/BHA Exfoliating Cleanser—AM/PM, as tolerated
- LYTERA® Skin Brightening Complex—AM/PM
- Retinol Complex 0.5 or Retinol Complex 1.0—PM
  If you have never used a retinol product before, begin by limiting use to twice a week, gradually increasing frequency to every other night, and then advancing to each evening or as tolerated.

BENEFITS:
Brightens skin with 3 products working in synergy:
- LYTERA® Skin Brightening Complex is formulated without hydroquinone to diminish the appearance of dark spots and even skin tone, with results as early as 4 weeks*,†
- Retinol Complex helps exfoliate and reduce visible signs of aging
- AHA/BHA Exfoliating Cleanser helps reveal fresh skin to boost the brightening power of LYTERA®

CAUTION:
Women should not use LYTERA® or Retinol Complex if they are pregnant, lactating, or planning to become pregnant.

SUNBURN ALERT:
AHA/BHA Exfoliating Cleanser contains an alpha-hydroxy acid (AHA) that may increase the skin's sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.

IMPORTANT! SUNSCREEN IS REQUIRED TO OPTIMIZE AND MAINTAIN THE RESULTS OF USING THE LYTERA® SKIN BRIGHTENING SYSTEM.

SKIN TYPE: All skin types

APPLICATION: AM/PM, as tolerated

KEY INGREDIENTS:
• AHA: Citric acid, malic acid, glycolic acid, lactic acid, tartaric acid
• BHA: Salicylic acid
• Panthenol (provitamin B5)
• Glycyrrhiza glabra (licorice) root extract
• Bisabolol (chamomile-derived oil)
• Jojoba spheres

BENEFITS:
• Improves appearance of skin texture, tone, and smoothness
• Ideal for all skin types
• Elegant formulation features a mild fragrance

SIZE:
• Retail: 6 fl. oz.

SUNBURN ALERT:
This product contains an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
SKIN TYPE: All skin types
APPLICATION: AM/PM, as tolerated
KEY INGREDIENTS:
• AHA: Citric acid, malic acid, glycolic acid, lactic acid, tartaric acid
• BHA: Salicylic acid
• Panthenol (provitamin B5)

**SUNBURN ALERT:**  
GlyPro products contain an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
GLYPRO ANTIOXIDANT SERUM

SKIN TYPE: All skin types
APPLICATION: AM
KEY INGREDIENTS:
• Glycolic acid
• Phenyl trimethicone
• Olive leaf extract
• Aloe leaf extract
• Pomegranate extract
• Chamomile flower extract
• Green tea leaf extract
• Licorice root extract
• Stevia leaf/stem extract
• Advanced moisture complex
BENEFITS:
• Maintains healthy moisture levels and helps provide a barrier from free radicals
• Helps fight the appearance of premature aging
• Renovates skin, creating more luminous tone
• Contains chamomile and aloe vera to help soothe skin
SIZE:
• Retail: 1 fl. oz.
SUNBURN ALERT:
GlyPro products contain an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
GLYPRO EXFOLIATING FACIAL CLEANSER

SKIN TYPE: All skin types

APPLICATION: Use 2 to 3 times per week

KEY INGREDIENTS:
- Glycolic acid
- Eco-friendly microbeads
- Salicylic acid
- Olive leaf extract

BENEFITS:
- Sloughs off the top layer of skin using eco-friendly microbeads
- Refines the appearance of pore size and imparts smoother, more radiant skin
- Helps improve the overall tone and texture of skin
- Helps brighten skin

SIZES:
- Retail: 6 fl. oz.
- Back bar: 16 fl. oz.

SUNBURN ALERT:
GlyPro products contain an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
GLYPRO RENEWAL CREAM

SKIN TYPE: Dry skin

APPLICATION: PM only

KEY INGREDIENTS:
• Glycolic acid
• Vitamin E
• Mango butter
• Olive leaf extract
• Tripeptide
• Advanced moisture complex
• Superoxide dismutase
• Vitamin C

BENEFITS:
• Encourages skin renewal
• Gently hydrates and protects against dryness
• Enhances skin tone, creating a supple and soft texture

SIZE:
• Retail: Net Wt. 2 oz.

SUNBURN ALERT:
GlyPro products contain an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
ESSENTIAL DEFENSE EVERYDAY CLEAR BROAD SPECTRUM SPF 47 SUNSCREEN

ESSENTIAL DEFENSE MINERAL SHIELD BROAD SPECTRUM SPF 32 SUNSCREEN TINTED

ESSENTIAL DEFENSE MINERAL SHIELD BROAD SPECTRUM SPF 35 SUNSCREEN

ENVIRONMENTAL DEFENSE SUNSCREEN™ SPF 50+ WITH UV PROPLEX™
SKIN TYPE: Oily and combination

APPLICATION: AM

ACTIVE INGREDIENTS:
• Octinoxate 7.5%
• Zinc oxide 12.0%

BENEFITS:
• Helps protect against the sun’s harmful rays to decrease the risk of skin cancer and early skin aging
• PA++++*: Highest level of UVA protection available
• Paraben free, oil free, fragrance free, noncomedogenic, and hypoallergenic
• Sheer formulation

SIZE:
• Retail: Net Wt. 1.85 oz.

*The UVAPF value provides information on the magnitude of UVA protection and helps determine the UVA classification of topical sunscreen products. In Japan, the PA rating system (PA+, PA++, PA+++, PA++++) is used to classify UVA protection. PA ratings are not a USFDA requirement on sunscreens sold in the US.

THINK THREE:
1. Protects against the sun’s harmful rays to help decrease the risk of skin cancer and early skin aging.
2. Paraben free, oil free, fragrance free, noncomedogenic, and hypoallergenic formula.
3. Tailored specifically for oily and combination skin to defend against UV rays.
ESSENTIAL DEFENSE
MINERAL SHIELD BROAD SPECTRUM SPF 32 SUNSCREEN TINTED
MINERAL SHIELD BROAD SPECTRUM SPF 35 SUNSCREEN

**SKIN TYPE:** Ideal for sensitive and post procedure

**APPLICATION:** AM

**ACTIVE INGREDIENTS (SPF 32 Tinted and SPF 35):**
- Titanium dioxide 5.0%

*The UVAPF value provides information on the magnitude of UVA protection and helps determine the UVA classification of topical sunscreen products. In Japan, the PA rating system (PA+, PA++, PA+++ , PA++++) is used to classify UVA protection. PA ratings are not a USFDA requirement on sunscreens sold in the US.

**THINK THREE:**

1. Protects against the sun’s harmful rays to help decrease the risk of skin cancer and early skin aging.
2. Paraben free, oil free, fragrance free, noncomedogenic, and hypoallergenic formula.
3. Tailored specifically for sensitive and post-procedure skin to defend against UV rays.
SKIN TYPE: All skin types
APPLICATION: AM and reapply as needed
ACTIVE INGREDIENTS:
• Octinoxate 7.5%
• Octisalate 5.0%
• Octocrylene 2.0%
• Oxybenzone 6.0%
• Zinc oxide 3.3%
BENEFITS:
• Water resistant (up to 80 minutes)
• Provides long-lasting UV protection
• Antioxidants help prevent free radical damage
• UV ProPlex™ improves performance by effecting a more uniform distribution of UV filters on the skin
SIZE:
• Retail: Net Wt. 3 oz.
DERMAL REPAIR CREAM

SKIN TYPE: Normal to dry skin
APPLICATION: AM/PM

KEY INGREDIENTS:
• Vitamin C (tetrahexyldecyl ascorbate)
• Vitamin E (tocopheryl acetate/tocopheryl linoleate/tocopherol)
• Retinyl palmitate
• Sodium hyaluronate
• Panthenol
• Natural extracts

BENEFITS:
• Ultra-rich moisturizer with one of the highest levels of vitamin C and vitamin E available
• Helps to prevent moisture loss
• Antioxidants help protect against environmental aggressors

MOISTURE LEVEL: 4
SIZE:
• Retail: Net Wt. 1.7 oz.

THINK THREE:
1. Ultra-rich moisturizer with high levels of vitamins C and E.
2. Hydrates and conditions skin.
3. Antioxidants help prevent free radical damage.
SKIN TYPE: Oily or combination skin

APPLICATION: AM/PM

KEY INGREDIENTS:
• Vitamin E (tocopherol/tocopheryl acetate)
• Sodium hyaluronate
• Panthenol (provitamin B5)

BENEFITS:
• Light, non-oily formulation hydrates skin
• Contains highly effective antioxidants
• Conditions skin

MOISTURE LEVEL: 1

SIZES:
• Retail: Net Wt. 2 oz.
• Back bar: Net Wt. 8 oz.
SKIN TYPE: Normal or combination skin

APPLICATION: AM and reapply as needed

ACTIVE INGREDIENTS:
• Octinoxate 7.5%
• Zinc oxide 5.3%

INACTIVE INGREDIENTS:
• TNS® (Human Fibroblast Conditioned Media)
• Saccharomyces ferment lysate filtrate
• Pikea robusta (red algae) extract
• Ubiquinone (coenzyme Q10)
• Camellia sinensis (green tea) extract

BENEFITS:
• Provides long-lasting hydration
• Contains a powerful combination of antioxidants
• Provides broad spectrum UVA and UVB protection

MOISTURE LEVEL: 2

SIZE:
• Retail: Net Wt. 2 oz.
REPLENISH HYDRATING CREAM

SKIN TYPE: All skin types
APPLICATION: AM/PM
KEY INGREDIENTS:
• Ceramide NP
• Sodium PCA
• Linoleic and linolenic acid
• Superoxide dismutase
BENEFITS:
• Hydrates and refreshes with specialty ingredients
• Helps restore suppleness
• Helps soothe dry or sensitive skin
MOISTURE LEVEL: 3
SIZE:
• Retail: Net Wt. 2 oz.
SKIN TYPE: Normal to dry skin

APPLICATION: AM/PM

KEY INGREDIENTS:
• Ginkgo biloba extract (antioxidant)
• Shea butter (natural extract)
• Sodium hyaluronate
• Panthenol (provitamin B5)
• Bisabolol (chamomile-derived oil)
• Tocopheryl acetate/tocopherol

BENEFITS:
• Helps prevent free radical damage
• Helps support skin’s moisture barrier to improve the appearance of skin
• Nourishes and rehydrates skin

MOISTURE LEVEL: 3

SIZE:
• Retail: Net Wt. 2 oz.
SKIN TYPE: Dry or post-procedure skin
APPLICATION: AM/PM
KEY INGREDIENTS:
- TNS® (Human Fibroblast Conditioned Media)
- Hydroxypropyl bispalmitamide MEA (ceramide)
- Palmitoyl tripeptide-1
- Palmitoyl tetrapeptide-7

BENEFITS:
- Contains the dynamic combination of patented growth factor blend TNS® and ceramide technology to assist post-procedure skin
- Helps to support recovery of post-procedure skin
- Restores skin's moisture balance

MOISTURE LEVEL: 5

SIZES:
- Retail: Net Wt. 2 oz.
- Back bar: Net Wt. 8 oz.
- System:
  - Post Procedure Kit: 2 oz.
FACIAL CLEANSER
SENSITIVE SKIN CLEANSER
PURIFYING FOAMING WASH
REJUVENATIVE TONER
SKIN TYPE: All skin types
APPLICATION: AM/PM

KEY INGREDIENTS:
• Panthenol (provitamin B5)
• *Camellia oleifera* (green tea) extract

BENEFITS:
• Thoroughly removes environmental pollutants, excess oil, and makeup
• Hydrates and refreshes skin
• Helps prep skin for better absorption of products

SIZES:
• Retail: 6 fl. oz.
• Back bar: 16 fl. oz.
• System:
  - Post Procedure Kit: 1 fl. oz.
SENSITIVE SKIN CLEANSER

SKIN TYPE: Dry, sensitive, or post-procedure skin

APPLICATION: AM/PM

KEY INGREDIENTS:
• Tocopheryl acetate
• Chamomilla recutita (Matricaria) flower extract
• Calendula officinalis flower extract
• Cucumber fruit extract

BENEFITS:
• Gently cleanses while providing hydration for dry, sensitive, post-procedure skin
• Specially formulated to protect highly sensitive skin
• Thoroughly removes environmental pollutants, excess oil, and makeup

SIZES:
• Retail: 6 fl. oz.
• Back bar: 16 fl. oz.
PURIFYING FOAMING WASH

SKIN TYPE: Oily or acne-prone skin

APPLICATION: AM/PM

ACTIVE INGREDIENT:
• Salicylic acid 2.0%

INACTIVE INGREDIENTS:
• Salix nigra (willow) bark extract
• Hamamelis virginiana (witch hazel) extract
• Salvia officinalis (sage) leaf extract
• Melaleuca alternifolia (tea tree) leaf oil

BENEFITS:
• Acne treatment
• Prevents pores from clogging
• Promotes gentle exfoliation
• Helps clear acne blemishes

SIZES:
• Retail: 5 fl. oz.
• System:
  – Acne System: 5 fl. oz.
REJUVENATIVE TONER

SKIN TYPE: Normal to dry skin

APPLICATION: AM/PM

KEY INGREDIENTS:
- AHA blend (lactic, glycolic, citric, tartaric and malic acids)
- *Salix nigra* (willow) bark extract
- *Camellia oleifera* (green tea) extract
- *Chamomilla recutita* (Matricaria) flower extract
- Panthenol (provitamin B5)
- Sodium hyaluronate
- *Hamamelis virginiana* (witch hazel) extract

BENEFITS:
- Removes excess dirt, oil, and impurities
- Gently refines skin and reduces the appearance of enlarged pores

SIZES:
- Retail: 6 fl. oz.
- Back bar: 16 fl. oz.

SUNBURN ALERT:
This product contains an alpha-hydroxy acid (AHA) that may increase the skin’s sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using this product and for a week following.
OTHER CONDITIONS

ACNE TREATMENT LOTION
ACNE SYSTEM
SCAR RECOVERY GEL WITH CENTELLINE®
REDNESS RELIEF CALMPLEX®
SKIN TYPE: Oily or acne-prone skin

APPLICATION: AM/PM

ACTIVE INGREDIENT:
• Benzoyl peroxide 2.5%

INACTIVE INGREDIENTS:
• Salix nigra (willow) bark extract
• Salvia officinalis (sage) leaf extract
• Hamamelis virginiana (witch hazel) extract
• Allantoin
• Bisabolol

BENEFITS:
• Helps reduce the severity of and prevent acne blemishes
• Therapeutic lotion reduces the number of whiteheads and blackheads
• Absorbs sebum from surface of skin

SIZES:
• Retail: Net Wt. 2 oz.
• System:
  – Acne System: Net Wt. 2 oz.
SKIN TYPE: Oily or acne-prone skin

INCLUDES:
• Purifying Foaming Wash: 5 fl. oz.
• Acne Treatment Lotion: 2 oz.
• Purifying Toner: 6 fl. oz.

APPLICATION: AM/PM

ACTIVE INGREDIENT:
• Benzoyl peroxide 2.5%

INACTIVE INGREDIENTS:
• *Salix nigra* (willow) bark extract
• *Salvia officinalis* (sage) leaf extract
• *Hamamelis virginiana* (witch hazel) extract
• Allantoin
• Bisabolol

BENEFITS:
• Penetrates pores to target active acne breakouts
• Reduces the number of acne blemishes
• Helps absorb sebum from surface of skin
SKIN TYPE: All skin types
APPLICATION: AM/PM
KEY INGREDIENTS:
Centelline®: A synergistic complex comprised of Centella asiatica, Bulbine frutescens, and Oleuropein (olive leaf extract)

BENEFITS:
• Ideal for a convenient, post-op scar management regimen
• Unique key ingredients help support the natural phases of scar formation, minimizing the appearance of scars
• Can be applied on a surgical incision after re-epithelialization or on existing scars that are still remodeling
• Established effectiveness in multiple clinical studies (N = 120)*
  - Studies involved cosmetic and reconstructive surgeries, including those performed on the face, extremities, back, and breast
  - 80% of treated scars improved at 6 months*
• Easy twice-daily application for patients
• Flexible application; can be used with or without microporous tape

**CAUTION:** Women should not use Illuminize Peel®, Rejuvenize Peel™, Vitalize Peel®, LYTERA®, or Retinol Complex if they are pregnant, lactating, or planning to become pregnant.

**CAUTION:** GlyPro System products used together may cause irritation.

LYTERA® and Retinol Complex should be discontinued 2 to 3 days before receiving any SkinMedica® peel and can be resumed once the peeling process is complete.

**Sunburn alert:** AHA/BHA Exfoliating Cleanser, AHA/BHA Cream, and GlyPro products contain an alpha-hydroxy acid (AHA) that may increase the skin's sensitivity to the sun and particularly the possibility of sunburn. Patients should use a sunscreen, wear protective clothing, and limit sun exposure while using these products and for a week following.

Most of the SkinMedica® products described here are intended to meet the FDA’s definition of a cosmetic product, an article applied to the human body to cleanse, beautify, promote attractiveness, and alter appearances. These SkinMedica® products are not intended to be drug products that diagnose, treat, cure, or prevent any disease or condition. These products have not been approved by the FDA, and the statements on these pages have not been evaluated by the FDA.

SkinMedica® Acne System, Acne Treatment Lotion, Purifying Foaming Wash, and Purifying Toner are over-the-counter drug products that are formulated and marketed pursuant to the FDA's governing regulations set forth at 21 CFR § 333.301 et seq.

Essential Defense Broad Spectrum Sunscreens (Everyday Clear SPF 47, Mineral Shield SPF 32 Tinted, and Mineral Shield SPF 35), TNS Ultimate Daily Moisturizer™ Broad Spectrum SPF 20 Sunscreen, Environmental Defense Sunscreen™ Broad Spectrum SPF 50+ with UV ProPlex™, and TOTAL DEFENSE + REPAIR Broad Spectrum Sunscreens (SPF 34, SPF 34 Tinted, and 50+) are over-the-counter drug products that are formulated and marketed pursuant to the FDA's governing regulations set forth at 21 CFR § 352.

The UVAPF value provides information on the magnitude of UVA protection and helps determine the UVA classification of topical sunscreen products. In Japan, the PA rating system (PA+, PA++, PA+++, PA+++++) is used to classify UVA protection. PA ratings are not a USFDA requirement on sunscreens sold in the US.
