FINANCIAL POLICY AGREEMENT

Welcome
Thank you for choosing Premier OB/Gyn and Med Spa. Our healthcare providers do not discuss financial obligations or insurance coverage. This allows the providers to focus their full attention on your medical needs. Understanding our financial policy is important to a successful physician-patient relationship. Our financial agreement is indicative of our respect for your right to know, ahead of time, what our expectations are for the patient's financial responsibility. Payment of your bill is considered part of your overall healthcare service provided.

Patient Information
All patients must complete our Patient Registration Form prior to their visit with the physician. It is the patient's (parent/guardian) responsibility to notify this office of any information changes. This includes changes to your address, phone number and insurance information. You are required to provide updated personal demographic information, a current copy of your insurance card, a picture ID, and payment of any outstanding balance for each visit.

Fee and Payments
Our fees are based on reasonable and customary community standards. Fees are based on the medical complexity of the service provided. There are many factors which must be taken into consideration by the provider when selecting the appropriate procedure codes to accurately reflect the services provided. We will do our best to provide you with an accurate estimate of your financial obligation. However, due to the complexity of the information which must be considered, the final amount of your financial obligation can only be determined after the physician has provided a complete accounting of the services provided and, if applicable, your insurance company has processed any claims related to those services. Premier OB/Gyn and Med Spa requires payment for the estimated patient responsibility at the time of your visit. This includes copays, coinsurance, deductibles, and non-covered services. We accept cash, credit card and debit card. Checks are not accepted at providers' offices.

Insurance
Premier OB/Gyn and Med Spa, as a courtesy, will file an insurance claim with your primary insurance company. In order to properly bill your insurance you are required to disclose all medical insurance coverage information. This includes any insurance coverage provided under a parent's or spouse's policy. Failure to provide complete and accurate information on all current insurance policies will result in the patient responsibility of the entire bill. Not all services are a covered benefit in all insurance policies. You are responsible for knowing and understanding the benefits, limitations and exclusions of your policy. You are responsible for verifying if the provider you are seeing is contracted with your insurance plan. You are also responsible for obtaining a referral or prior-authorization prior to seeing our providers, if required by your insurance plan. Our office

will only obtain authorization for services rendered by our provider(s). If your insurance company denies payment for services rendered by our office as; out of network, cosmetic, exhausted benefits, experimental, no referral, or as a result of inaccurate or incomplete information you provide, you will be financially responsible for the entire bill.

Medicaid Coverage
Medicaid coverage is offered through the federal government to those who qualify. The government requires the services to be billed to Medicaid as the last coverage option. This means the patient is required to provide both Medicaid and the physician with any and all medical coverage information prior to services being rendered. This includes coverage through employer, spouse, parent or private policies. You do not have the option of using Medicaid as your primary (first) insurance coverage, when you are covered under any other medical insurance policy. This rule applies even if the other insurance policy does not cover all services being provided. It is very important that you provide the physician's office with complete insurance coverage information. Failure to provide the required information, will result in you being financially responsible for the services rendered.

Please note: Each visit is documented in your medical record and a diagnosis is made by the provider. Diagnoses are made based on medical information, not on coverage by Insurance Companies. To request a diagnosis change solely for the purpose of securing reimbursement from an insurance company is inappropriate and is considered insurance fraud. While a patient has the right to request an amendment to her chart, all services will be billed according to the provider's documentation.

Account Balances/Delinquent Balances
Payment is expected at the time services are rendered. In some circumstances, there may be additional financial obligations not known at the time of your visit. In these circumstances we will send a statement to the address provided on your patient registration form. You are required to submit payment in-full within 15 days of the original statement date. If you are unable to pay the account balance in-full, you may request approval for an acceptable monthly payment arrangement. If you do not pay your account balance in-full within 45 days, or secure and maintain an approved monthly payment arrangement, your account will be considered delinquent. Once your account is in the delinquent status, it will be processed and assigned to a licensed collection agency. This will result in an additional fee of 50% of your account balance to cover the fee assessed by the collection agency. Once your account is assigned to a collection agency, we are unable to reduce or remove the collection fees. You are financially responsible for your entire account balance, as well as all collection fees, all attorney's fees and all legal fees incurred, in an attempt to collect your delinquent account balance.

Initial: _____

Account Credits
Because we can only estimate your financial responsibility for services provided, there is a possibility you may have a patient credit after your insurance has processed the claims submitted. It is very important for you to review the explanation of benefits (EOB) you will receive from your insurance company. It will provide detailed information on your final financial responsibility for services provided. If, after reviewing the EOB, you believe you have a credit due to you, please contact the billing office so we can review your account and process a refund for any credit remaining on your account.

Office Visits
You are required to pay any co-pay, co-insurance or deductible that may apply to your office visit. Additional services performed (ultrasounds, biopsies, cultures, labs, injections, etc.) during your office visit are not included in the fee for the office visit. You are responsible for payment of the additional services rendered.

Surgical Procedures
Surgery deposits are required and must be paid prior to your pre-operative visit. The deposit consists of your deductible (if not met) and your co-payment or co-insurance. You should contact the provider's office prior to your pre-operative visit to discuss the amount expected.

Obstetrical Care
Payment for obstetrical services is addressed individually. You will be provided an Obstetrical Financial Agreement. The agreement will explain the services included in the obstetrical fee and the services not included. It will also provide an estimate of your financial obligation based on your insurance benefits and when payment is required.

Laboratory Services
Your physician may order laboratory services to assist in diagnosing your condition or as preventative care to determine your current health status. Your insurance benefits may not cover all services provided or ordered by the provider. This includes: pap smears, testing for sexually transmitted disease, screening and diagnostic labs, genetic testing and drug screening. In some instances these services may be applied to your annual deductible or not covered. It is the patient's responsibility to know the coverage, limitations and exclusions of your insurance policy.

Returned Checks
Our central billing office accepts checks as payment on an account. In the event a check is returned by the bank for "non- sufficient funds", "closed account", "return to maker", "check voided", "stop payment" and "un-authorized signature", a $25.00 fee will be assessed to your account. We may choose to proceed with legal action which will result in additional fees to you or the guarantor of the account. You are responsible for the additional fees.

Cancellation / No Show Policy
If it is necessary to cancel your scheduled appointment, we request that you notify us at least 48 hours prior to the appointment. A "no-show" is someone who misses an appointment without cancelling it at least 48 hours prior to the scheduled appointment time. A failure to present at the time of a scheduled appointment will be recorded as a "no-show". **You will be charged $50 for office visits; $100 for ultrasounds and $200 for procedures.**

FMLA / Disability Forms
There is a $45.00 charge for each FMLA/disability form/signature completed by this office. Payment is due at the time the form is submitted. All FMLA/disability forms are completed by the office staff. There is generally a 7-14 day waiting period for the completion of these forms. The physician's documentation in your medical chart serves as the basis of all FMLA/disability forms and cannot be enhanced by yourself or the office staff. It is important that you understand the difference between FMLA and disability forms. Disability forms can only be completed after the physician has determined the patient has a medical condition that warrants the patient to be off work. Normal symptoms during pregnancy (nausea, vomiting, headaches, swelling, pelvic pain/pressure) do not typically qualify as a medical disability.

Embassy Letters
We understand the importance of having family support following deliveries and surgeries. We are happy to provide a letter requesting approval for a family member to travel to the United States to assist you during your recovery period. The fee to complete a letter to an Embassy is $100.00.

Minor Patients
The parent or guardian accompanying the minor is responsible for full payment of services provided.

Assignment of Benefits

I hereby authorize and assign all payments and/or insurance benefits for medical services rendered to me directly to Premier OB/Gyn and Med Spa. I hereby authorize Premier OB/Gyn and Med Spa to release medical information necessary to obtain payment for services rendered by providers of Premier OB/Gyn and Med Spa. **BY SIGNING THIS AGREEMENT, I ACKNOWLEDGE THAT I HAVE CAREFULLY READ AND FULLY UNDERSTAND IN ITS ENTIRETY, THE INFORMATION IN THIS FINANCIAL POLICY AGREEMENT. I UNDERSTAND THAT BY SIGNING THIS FINANCIAL POLICY AGREEMENT, I AM AGREEING TO THE TERMS AND CONDITIONS PROVIDED WITHIN THIS AGREEMENT.**

NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

WHO WILL FOLLOW THIS NOTICE

We may use your medical information for treatment, payment, Practice or Facility operations, research or fundraising purposes as described in this notice. All employees of Hayat Jawadi, D.O., PLLC follow these privacy practices. The physicians on our medical staff will also follow this notice when they work at the Practice or Facility.

ABOUT THIS NOTICE

This notice will tell you about the ways we may use and disclose medical information about you. We also describe your rights and certain obligations we have regarding the use and disclosure of medical information.

We are required by law to:

- make sure that medical information that identifies you is kept private;
- give you this notice of our legal duties and privacy practices with respect to your medical information;
- follow the terms of the notice that is currently in effect; and
- notify individuals, either known or reasonably believed to be affected, following a breach of unsecured protected health information.

HOW WE MAY USE AND DISCLOSE MEDICAL INFORMATION ABOUT YOU

The following categories describe different ways that we use and disclose medical information. For each category of uses or disclosures, we will explain what we mean and give examples. Not every use or disclosure in a category will be listed. However, all of the ways we are permitted to use and disclose information will fall within one or more of the categories.

For Treatment. We may use medical information about you to provide you with medical treatment or services. We may disclose medical information about you to doctors, nurses, technicians, medical students or other Practice or Facility personnel who are involved in your care. Different departments of the Practice or Facility also may share medical information about you in order to coordinate the different services you may need, such as prescriptions, lab work and imaging services. We also may disclose medical information about you to people outside the Practice or Facility who may be involved in your medical care.

Initial: _____

For Payment. We may use and disclose medical information about you so that we may bill for treatment and services you receive at the Practice or Facility and collect payment from you, an insurance company or another party. For example, we may need to give information about the medical care you received at the Practice or Facility to your health plan so that the plan will pay us or reimburse you for the applicable treatment. We may also tell your health plan about a treatment you are going to receive in order to obtain prior approval or to determine whether your plan will cover the treatment. We may also disclose information about you to other healthcare facilities for purposes of payment as permitted by law.

For Healthcare Operations. We may use and disclose medical information about you for operations of the Practice or Facility. These uses and disclosures are necessary to run the Practice or Facility and make sure that all of our patients receive quality care. For example, we may use medical information to evaluate the performance of our staff in caring for you. We may also combine medical information about many patients to decide what additional services the Practice or Facility should offer, what services are not needed and whether certain new treatments are effective. We may also combine medical information we have with medical information from other Practices or Facilities to compare our performance and to make improvements in the care and services we offer. We may also disclose information to doctors, nurses, technicians, medical students and other Practice or Facility personnel for educational purposes. We may also disclose information about you to other healthcare facilities as permitted by law.

Appointment Reminders. We may use and disclose medical information to contact you to remind you that you have an appointment for treatment or medical care.

Treatment Alternatives. We may use and disclose medical information to tell you about possible treatment options that may be of interest to you.

We may also give information to someone who helps pay for your care. In addition, we may disclose medical information about you to an entity assisting in a disaster relief effort so that your family can be notified about your condition, status and location.

Research. Under certain circumstances, we may use and disclose medical information about you for research purposes. For example, a research project may involve comparing the health and recovery of all patients who received one medication to those who received another for the same

condition. All research projects, however, are subject to a special approval process. This process evaluates a proposed research project and its use of medical information to balance research needs with patients' needs for privacy of their medical information. Before we use or disclose medical information for research, the project will be approved through this process. However, we may disclose medical information about you to people preparing to conduct a research project, for example, to help them look for patients with specific medical needs, so long as the medical information they review does not leave the Practice or Facility. When required by law, we will ask for your specific written authorization if the researcher will have access to your name, address or other information that reveals who you are or will be involved in your care at the Practice or Facility.

As Required By Law. We will disclose medical information about you when required to do so by federal, state or local law.
