

July 2020

To My Patients,

It is with mixed emotions that I am announcing that I am semi-retiring. As many of you are aware, my girls and grandbabies live in Florida. COVID made us realize that time is precious and we missed them greatly when we were unable to see them for six months. So we decided to go ahead with our future plans to retire.

However, I could never give up doing what I love—helping women of all ages with their gut, hormone and adrenal issues. I will be available for video consults on-line part-time at: **MyCatholicDoctor.com**

Your well woman exams will be rescheduled with one of the other high-quality providers in our office.

I have decided, however, not to do thyroid since I would not have the time to keep up diligently with all of the repeat labs that are required. So I am referring to a couple of very capable providers in this area:

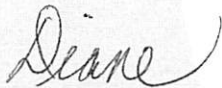

Dr. Rebecca Proehl in Tremont under Hopedale Medical Complex (309)925-2778 who is Internal Medicine/Pediatrics and Functional Medicine, or

Dr. Holly Vannitamby with OSF Big Hollow (309)693-3315 who is Family Practice, Functional Medicine and a Medical Consultant for NaproTechnology/Creighton Model Fertility Care

I will be here at Teverbaugh, Croland, Mueller OB/GYN & Associates through September, but only three days per week in August and September.

It has truly been my pleasure and privilege to be your provider—for as little or as long as that may have been. I hope to see some of you on-line in the future as well.

Take care,

Diane Dunniway, DNP, APRN, WHNP-BC
