SYNERGY MEDICAL
CONSENT TO TREAT

I hereby request and consent to the performance of chiropractic manipulation and manual therapy techniques and other chiropractic procedures, including various modes of physical therapeutic modalities and procedures and diagnostic X Rays, where warranted, on me (or on the patient named below, for whom I am legally responsible) by the doctor of chiropractic named below and/or other licensed doctors of chiropractic who now or in the future work at the clinic or office listed below.

I have had an opportunity to discuss with the doctor of chiropractic named below the nature and purpose of chiropractic adjustments and other procedures. I understand that results are not guaranteed.

I understand and am informed that, as in the practice of medicine, in the practice of chiropractic there are some risks to treatment and diagnostic services including but not limited to:

Manipulation: increased pain or discomfort, fractures, disc injuries, strokes, dislocations and sprains.

Therapeutic Modalities and procedures: additional pain and discomfort. Endurance exercise may cause increased risk of acute Myocardial Infarction (heart attack) in patients with known or possible cardiac conditions.

Radiographs: ionizing radiation can be harmful to a fetus for those who are pregnant or might be pregnant.

I do not expect the doctor to be able to anticipate and explain all risks and complications, and I wish to rely upon the doctor to exercise judgment during the course of the procedure which the doctor feels at the time, based upon the facts then known to him or her, is in my best interest. The doctor named below has additionally explained the risks associated with my refusal of treatment.

I have read, or have had read to me, the above consent. I have also had an opportunity to ask questions about its content, and by signing below I agree to the above-named procedures. I intend this consent form to cover the entire course of treatment for my present condition and for any future condition(s) for which I seek treatment.

Protecting Your Health Information

New Regulation Passed

This new regulation is part of the Health Insurance Portability and Accountability Act or HIPPA and does three primary things:

1. It helps standardize and simplify the way healthcare organizations exchange health care data.
2. It provides consumers with additional protections for getting and maintaining health insurance coverage although, it does not guarantee coverage.
3. It creates new security rules to ensure the safety and privacy of individuals and medical records.

Our Pledge Regarding Medical Information

The privacy of your medical information is important to us. We understand that your medical information is personal and we are committed to protecting it. We create a record of the care and services you receive at our office. We need the record to provide you with quality care and to comply with certain legal requirements. In addition, we have a policy in effect that makes every attempt to maintain the confidentiality of all patients' information.

Disclosure of Medical Information

In addition to disclosing your medical information for treatment, payment and health care operations, we may disclose medical information for the following purposes: for a court order, subpoena, discovery request or other lawful process. We may disclose medical information to appropriate authorities if we reasonably believe that you are the victim of abuse, neglect, or domestic violence or the possible victim of other crimes. We may disclose health information when authorized and necessary to comply with laws relating to worker's compensation, auto accidents, personal injury or similar issues.

If someone calls or comes by, they will not be given any information about your care and/or appointments unless otherwise specified and noted in your file.

We will also be publicly noting your name in our newsletter and/or picture in our lobby unless otherwise specified. Upon becoming a patient, we will be entering your name and email into our database and you may receive our monthly newsletter. If you do not wish to receive our newsletters, please contact our office and advise the receptionist of such. This list will not be sold to any outside agencies.

Your Rights

You have the right to look at or get copies of your medical records and to receive a list of all the times we shared your medical information for purposes other than treatment, payment and health care operations.

Open Adjusting Concept

Because of the open adjusting concept in this office, it is possible for doctor/patient discussions to be overheard by other patients. Most discussions will involve spinal health, but may include anything concerning the primary health care of that patient.

Notification by Mail or Phone

Patients may be contacted by mail, email, or phone unless written notification is requested that contact be only in person.

Complaints

If you feel that your rights have been violated, contact the Office Manager or the U.S. Department of Health and Human Services.
