18438 Dallas Parkway

Dallas
North
Tollway

Frankford Road

Original Location

Neighborhood Medical Center

5917 Belt Line Rd

Preston
Road

Belt Line Road

*Patients should not have any out-of-pocket costs, but all patients should check with their health plan to confirm. If patients have health insurance, the patient must bring their card to the test site. If patients do not have insurance, Neighborhood Medical Center will ask for the patient's driver's license or state ID to submit the cost of the test to the federal program for the uninsured. Patients will be tested in one of two ways, rapid and/or lab testing. Rapid test results are given in-person, on-site to the patient within 30 minutes of specimen collection. COVID19 lab tests are sent to Neighborhood Medical Center's lab partner(s), which may return results within 2-3 days. Lab test results are uploaded to the CPL portal. To utilize this portal, please see the handout given to patients on the date of test.
