

## **Neel Amin, MD**

### **Biography:**

Dubbed the “Pain Whisperer”, Dr. Amin is dedicated to helping his patients live happier, healthier lives through comprehensive pain management. He is the Co-Founder of Pain Relief Solutions, which he strives to be the leading medical pain management practice in Fort Lauderdale, Florida through exceptional customer service and outstanding results.

Over the years, the doctor has acquired a passion for pain medicine by providing a multidisciplinary approach to treat pain. He is passionate about seeing his patients not only feel their best physically, but he also focuses on addressing the emotional aspect of pain. He understands that pain medicine through procedures, mild medications, physical therapy, and other modalities must be accompanied with a dedication to a healthy lifestyle that includes proper exercise and nutrition. For this reason, he and his team are dedicated to offering a multidisciplinary approach to a patient’s mental and physical well-being.

After earning his medical degree from the Medical College of Georgia in 2004, Dr. Amin went on to complete his residency in anesthesiology at the same educational venue in 2008. This was followed by a fellowship in pain management at the University of Washington in Seattle in 2009.

With an unwavering commitment to his speciality, he is board-certified in interventional pain medicine by the American Board of Pain Medicine, whose mission is to improve the quality of pain medicine. He is also board-certified in anesthesiology by the American Board of Anesthesiology, whose mission is to advance the highest standards of the practice of anesthesiology.

Combining his passion for pain relief medicine with innovative regenerative treatments, Dr. Amin founded Florida Stem Cell MD to provide superior regenerative therapy to patients throughout South Florida. There, he understands the vital importance of putting patients’ needs first, and he takes care of patients with the utmost level of consideration. With his extensive level of experience with pain medicine, he works with each patient to devise an effective plan that they are fully on board with.

To advance his professional efforts, Dr. Amin remains a member of the American Medical Association, the American Medical Student Association, the American Association of Physicists in Medicine, the American Society of Anesthesiologists, the Georgia Society of Anesthesiologists, the Florida Society of Anesthesiologists, and the Florida Medical Association.
