General and Vascular Surgery

January 1, 2017

To our patients:

Due to dramatically increasing malpractice premiums and a diminishing number of companies willing to write malpractice insurance in Florida, it has become extremely difficult to carry this coverage.

Under Florida Law, physicians are generally required to carry medical malpractice insurance or otherwise demonstrate financial responsibility to cover potential claims for medical malpractice.

Your doctor has decided not to carry medical malpractice insurance.

This is permitted under Florida law subject to certain conditions. Florida law imposes penalties against noninsured physicians who fail to satisfy adverse judgments arising from claims of medical malpractice.

This notice is provided pursuant to Florida Law.

Ramon Vazquez, M.D.

The undersigned acknowledges receipt of this notice.
