

FOR RELEASE ON: IMMEDIATE

Pain Management Clinic Expands into Trios Care Center

KENNEWICK, WA – Pinnacle Pain Center, a Lynx Healthcare company, has recently expanded their practice in Kennewick by opening a second treatment facility on the 6th floor of the Trios Care Center at Southridge located at 3730 Plaza Way. Pinnacle Pain Center's team of Board Certified and Fellowship Trained Pain Management specialists are dedicated to offering a very personalized and comprehensive approach in the most effective relief for those suffering from chronic and acute forms of pain.

All Pinnacle Pain Centers are equipped with the most current technology available and offer top notch care with specialized treatment options including, but not limited to, stem cell therapy, platelet rich plasma treatments, spinal cord stimulation, epidural injections, nerve blocks, trigger point injections, and botox. These latest advancements in procedures oftentimes help patients avoid major surgery, long-term medication management and provide relief from debilitating pain caused by injury, cancer, or arthritis.

The host of Pinnacle Pain Center Interventional Pain Specialists Dr. Daniel Smith, DO; Dr. Steve Dechter, DO; Dr. Jason Wright, DO; and Dr. Scott Spendlove, DO are all genuinely passionate about helping their patients' experience relief from pain while improving their quality of life. They address patients' needs on an individual basis and will help them with a customized multidisciplinary care plan.

Dr. Daniel Smith, a native of Washington State, completed his Anesthesiology residency at the University of Missouri at Kansas City where he served as Chief Resident. He then completed his fellowship training in Pain Medicine at the very prestigious University of California-Davis, a nationally acclaimed Center of Excellence for Pain Medicine.

"I live to get to the root of my patient's problem, find a specific treatment, and finally see them walk comfortably out our doors with a smile that even their friends and family haven't seen in years. That's why I do what I do! I want to make a difference in each patient's life and relieving their pain brings me great satisfaction!" Dr. Daniel Smith explains with enthusiasm. This type of personalized service is what our patients at Lynx Healthcare receive on a consistent basis and Lynx takes pride in that!

Mid-Columbia residents seeking relief from chronic back, neck, arthritic, cancer or any other type of chronic or acute pain can schedule an appointment with one of the qualified Interventional Pain Specialist's at Pinnacle Pain Center by calling 509-591-0700.

About Pinnacle Pain Center

Pinnacle Pain Center is the region's leading non-operative orthopedic pain clinic. CEO, Ian Evans has a larger-than-life personality and a passion to provide our region with healthcare options for individuals' seeking a healthy, active lifestyle; which is exactly what we need in the world of healthcare. Our physicians are board certified and fellowship trained in pain management, and offer the most advanced treatment options available in the United States. In addition to the two Kennewick locations, Pinnacle Pain Center has a treatment facility in Walla Walla, WA. Currently with three locations, this Lynx Healthcare company is rapidly growing throughout the entire northwest region; enabling the team to provide services to the community faster than ever. Pinnacle Pain Center will assist you in overcoming your chronic pain condition with their minimally-invasive interventional procedures. About Trios Care Center

Trios Health is the Kennewick Public Hospital District's system of care serving the greater Tri-Cities. The District operates two hospitals to accommodate the area's fast-growing population: Trios Women's and Children's Hospital at its downtown Kennewick location and Trios Southridge Hospital, a state-of-the-art hospital, which opened July 15, 2014. Trios Medical Group, comprised of nearly 100 employed physicians and providers, serves as the core of a growing medical staff network of 325+ providers throughout the Tri-Cities and includes practices and services at 11 Care Centers and three Urgent Care Centers. Trios Foundation enhances patient care through fundraising that enables new programs and services, and brings new equipment to Trios Health. For more, visit Trios online or follow us on Facebook.
