- Do Not have anything to eat or drink after midnight the night before surgery unless directed by your surgeon. If your surgeon wants you to take a medication the morning of surgery it would be with a sip of water only otherwise no water, ice, coffee, mints, etc. Usually patients should take their high blood pressure medicine as scheduled.
- Stop taking Aspirin, Bayer, Excedrin, Nuprin, Pradaxa, Xarelto, Etexilate, Ibuprofen, Motrin, Aleve, Naprosyn and Indocin 7 days prior to surgery.
- Stop taking Plavix 5-7 days prior to surgery unless told otherwise by your surgeon.
- If you take Coumadin/Warfarin tell your surgeon so arrangements can be made to stop this medication. Tell your surgeon why you take Coumadin as it may require that you receive special antibiotics at the time of your surgery.
- Stop taking Omega's, Krill Oil, Fish Oil, Vitamin E and Garlic pills 7 days prior to surgery. You should discuss these supplements with your surgeon. As they may cause blood thinning.
- Patients having general anesthesia will **Not** be allowed to drive after surgery. Please make arrangements to have someone take you home if your surgery is going to be an outpatient procedure. You should not make any financial decisions for 24 hours after surgery.
- On the day of surgery do not bring any valuables to the hospital or surgery center. Wear comfortable clothes, something that buttons or zips is recommended. Wear no face makeup, nail polish or body lotion. Shower or bathe before going to the hospital or surgery center.
- Following surgery, please direct any post-operative and/or medications questions to 383-4040 Ext. 1021. The nurse will address your concerns in a timely manner. After hours, leave a message with the answering service who will contact the surgeon on call or in a true emergency go to the nearest Emergency Room
- Patient will be called within 3-4 business days after your consultation. Patients are scheduled in the order they are seen unless otherwise instructed by the surgeon.

I certify that I have read or had read to me the contents of this form. I understand and will follow all instructions as outlined above unless directly instructed differently by my surgeon. Failure to follow these instructions may result in cancellation of my surgery for safety reasons.
