**NEUROPATHY HISTORY**

**What is your concern with respect to nerve pain:** (circle all that apply):

- |         |                    |                          |                 |
|---------|--------------------|--------------------------|-----------------|
| Pain    | Numbness           | Tingling Pain with Touch | Shooting Shocks |
| Burning | Aching Sensitivity | Pins and needles         | Tightness       |

Where is your pain **AND** when did it begin?  
 \_\_\_\_\_  
 \_\_\_\_\_

Have you ever had a nerve conduction study? If yes, when and where was the study done?  
 \_\_\_\_\_  
 \_\_\_\_\_

Are you diabetic?  
 \_\_\_\_\_  
 \_\_\_\_\_

What else is important for us to know?  
 \_\_\_\_\_  
 \_\_\_\_\_

**Please rate your overall pain on a scale from 0-10 over the 1-2 weeks. (0 no pain 10 severe pain)**

Pain	Numbness	Tingling	Burning	Tightness

**SOCIAL HISTORY**

Tobacco use? YES/ NO/ FORMER	If YES what is your typical usage per day? _____
Alcohol use? YES/ NO	If YES how many drinks per day? Type _____
Illegal drug use? YES/ NO/ FORMER	If YES what substance? _____
Do you take NSAIDS (Motrin, Aleve, Advil, Naproxen, etc.) regularly? YES/ NO _____	

**IMPLANTS**

Do you have Pacemaker? YES/ NO  
 Do you have a Defibrillator? YES/ NO  
 Pacemaker/ Defibrillator dependent? YES/ NO  
 Do you have a Spinal Cord Stimulator or other nervous system implant? YES/ NO  
 Do you have a seizure disorder? YES/ NO

### Do I Need a Test for PAD?

Peripheral Artery Disease (PAD) is a serious circulatory problem in which the blood vessels that carry blood to your arms, legs, brain, or kidneys become narrowed or clogged. It affects over 8 Million Americans, most over the age of 50. It may result in leg discomfort with walking, poor healing leg sores/ulcers, difficult to control blood pressure, or symptoms of stroke. People with PAD are at significantly increased risk of stroke and heart attack. Answers to these questions will determine if you are at risk for PAD and if a vascular exam will help us better assess your vascular health status.

Circle YES or NO:

- |  |            |           |
|--|------------|-----------|
| 1. Do you have foot, calf, buttock, hip or thigh discomfort when you walk which is relieved by rest?                   | <b>YES</b> | <b>NO</b> |
| 2. Do you experience ongoing pain at rest in your lower legs or feet?  | <b>YES</b> | <b>NO</b> |
| 3. Do you experience foot or toe pain that often disturbs your sleep?  | <b>YES</b> | <b>NO</b> |
| 4. Do your toes or feet become pale, discolored, or bluish easily?   | <b>YES</b> | <b>NO</b> |
| 5. Do have you had skin wounds or ulcers on your feet or toes that are slow to heal?                                   | <b>YES</b> | <b>NO</b> |
| 6. Has your doctor ever told you that you have diminished or absent pedal (foot) pulses?                               | <b>YES</b> | <b>NO</b> |
| 7. Have you suffered a severe injury to the leg(s) or feet?  | <b>YES</b> | <b>NO</b> |
| 8. Do you have persistent infection of the leg(s) or feet that have become complicated (gangrenous/black skin tissue)? | <b>YES</b> | <b>NO</b> |
