HELLO
Autumn

- HK Dermatology would like to introduce our newest provider, Elena Novak. Elena is a Physician Assistant that worked for HK Dermatology in the past, and has rejoined our family after getting her degree. Initially, Elena will be seeing patients with our other providers while she builds her own patient base.
- We would also like to welcome back medical assistant Angelica Ayoubi who will be returning to us in December. Angelica is a registered nurse in Columbia, and has future plans to get her nursing degree here in the United States.
