- If you use inhalers, bring them with you. They may be needed before or after your procedure.
- Do not wear perfume, cologne, or lotions/oils as this may interfere with our monitoring electrodes.

After Procedure:

- **You must have a designated driver**. The exam will be cancelled if arrangements are not made prior to arrival. You may not use taxi/cab for transportation home.
- The family member or designated driver must remain in the lobby area to speak with the physician.
- Plan to rest at home the remainder of the day. You may resume normal activities the next day or so as directed by the provider.

If you have any questions, please call our office at 623-300-9011.
