

FINANCIAL POLICY

- Insurance is billed as a courtesy.
- Co-pays are due at the time of an office visit when applicable.
- Financial responsibility ultimately rests with the patient.
- In order to guarantee payment of services rendered (to cover co-pays, deductibles and non-coverage) a credit card MUST be secured on file for all patients including Medicare and HMO patients. NO EXCEPTIONS.
- All patients with an email address on file will receive an email indicating the amount their insurance has determined is due 5 days before any charges are processed.
