

## Now part of the Children's Health Family

Dear Patients and Families,

Pediatric Associates of Plano (PAP) has been a part of the North Texas community for more than 25 years, and we consider it our greatest honor to care for your family. Today, we write to you with some exciting news!

As of Monday, May 10, PAP has joined Children's Health<sup>SM</sup>. We are thrilled to become a part of an organization with more than 100 years of experience in comprehensive, excellent pediatric health care. The mission of Children's Health – to make life better for children – is a passion we share at PAP, and one we are dedicated to continuing – making life better for your family and for many families across North Texas. We remain committed to providing the same level of compassionate, personalized care you've come to know and expect from us.

Children's Health is one of the largest and most prestigious pediatric health care providers in the country and the leading pediatric health system in North Texas. Together with Children's Health, we will have an expanded network with a breadth and depth of high-quality, service-oriented pediatric care that is both unprecedented and unrivaled, whether its primary care at the PAP location or specialty care at one of the world-class hospitals or Children's Health outpatient locations.

**At this time, we anticipate very little will change for our patient families. Your child will continue to see his/her same provider. Our phone number and location will remain the same.**

Our team is available to answer any questions you have about how this change affects you and your child's care. Please do not hesitate to call.

If you'd like to learn more about the Children's Health, please visit [www.childrens.com](http://www.childrens.com).

We look forward to continuing to provide care to your family and an even brighter future for PAP!

Sincerely,

David Mobley, M.D.

Theresa Shouse, M.D.

Jeanette Smith, M.D.
