

No Show and Same Day (Late) Cancellation Fees
for Therapy Appointments

Therapy sessions are generally scheduled in 1 hour increments, thus creating invaluable time slots for our therapists and our patients. We would appreciate a 24hr notice if you are unable to keep your scheduled appointment time. Providing adequate notice allows us to offer your appointment time to another patient who may be on a waitlist for a sooner appointment.

The fees associated with a no show or late cancellation are listed below. These charges will be assessed to your account and will be due upon receipt. Repeat offenders may be required to pay past incurred charges prior to scheduling any future appointments.

Same Day (Late) Cancellation-- \$100

Failing to provide notice of cancellation at least one day in advance will result in a fee of \$100.

No Call No Show -- \$200

Failing to show for a scheduled appointment will result in a fee of \$200.

I understand these charges are an out of pocket expense and are not covered by a third party insurer. I understand that all out of pocket expenses will be paid directly to Midwest Regional Health Services.
