

PARENTAL CONSENT FORM

Our first concern for children in this office is to see that they get the needed dental treatment, so that they will not be in pain. Unfortunately, we are aware that divorce or separation agreements are not always honored by the responsible parent, so our policy is that the parent who brings the child to the office and authorizes treatment for that child is responsible for payment. We will be happy to supply you with a paid receipt or treatment plan to present to the other parent upon request. Thank you.
