

All Smiles Dentistry Financial Policy

We are committed to providing you with the best possible service at an affordable price. Our policies are in line with this goal.

Payment is due in full at the time services are provided to you. If we are filing your insurance for you, we ask that you participate in assuring their payment for your services. Collection efforts cost money driving up costs of services unnecessarily.

Payment methods - We accept cash, credit card, care credit as forms of payment at the time you receive your services. We also accept, in good faith, assignment of benefits for insurance when we are able to verify your benefit. Filing an insurance claim for a service is never a guarantee of payment. When your insurance does not pay for a service you have received, you are responsible for the payment. Please know that this is always a possibility. Please see also the *Notice of Insurance* document before we file insurance for you.

Dental treatment services require, on average, one hour commitment on the part of the patient as well as the healthcare provider. **Missed appointments** decrease productivity, driving up costs of services unnecessarily. In order to maintain affordable cost of services, we do not accept last minute cancellations, and we bill for the cost of the missed appointment.

Delinquent Accounts occur when the account is not paid in full within 30 days of when the services were received. Delinquent accounts can be referred to a collection agency, nationwide credit bureau and/or attorney for further action as needed. All balances older than 30 days are subject to a finance fee of %19.99 and/or \$7 billing fee. We reserve the right to bill back any collection fees charged by our collection company, attorney fees or court costs.

All Prices on **Treatment Plans** are valid for 90 days and are specific to the fee schedule assigned by your insurance company. If we do not have an agreed upon fee schedule with your insurance or you do not have insurance, then your plan is in accordance with usual and customary fees for this zip code.
