DISCOUNTED FEE SCHEDULE FOR UNINSURED PATIENTS

CONDITIONS

In consideration of economic hardships, and in recognition of the considerable expenses of infertility treatments, CHR extends to uninsured patients with growth family income of up to \$75,000.00 annually, a discounted fee schedule. By accepting this discounted fee schedule, patients confirm that their annual growth income does not exceed \$75,000.00.

By accepting this discounted fee schedule, patients furthermore confirm that they have no insurance coverage for fertility services and will not apply for reimbursement from any third-party payer for services provided by CHR. CHR will offer only a summary financial statement and not an itemized bill.

Should patients be found in breach of either one of these two representations, CHR will cancel all discounted fees and balance bill patients at full, regular fee schedule. Patients then will be expected to make full payments to CHR within 30 days of receipt of such balance billing. Consultations are not part of the cycle and will need to be paid separately.

PREPAYMENT OF \$1500 IS REQUIRED AT CHECKLIST START AND WILL BE APPLIED TOWARD YOUR FIRST IVF CYCLE

REDUCED FEE SCHEDULES: All fees are subject to change without prior announcements.

• STANDARD IVF CYCLE* payable to AINY	\$ 9,950.00
