

Date to be added

Dear Patient Parent/Legal Guardian,

It has been my great pleasure and privilege to care for and serve this community for the past 25 years. I have developed so many close relationships and shared in times of sadness, concern, and joy. So, it is with mixed emotions that I write to you with the announcement of my retirement from pediatric practice, effective Saturday, October 16, 2021. With my children in their final year of college, I will be joining my husband in the hill country after several years of a commuter marriage.

My last day at Pediatric Associates of Plano, located at 6130 W. Parker Road, Suite #410, Plano, Texas 75093, will be Friday, October 15, 2021. There is no need to reconfirm any upcoming appointments through October 15. At any appointments scheduled on or after Monday, October 18, 2021, your child will be seen by another physician at the practice.

I have worked diligently to deliver quality medical care to your child. I am excited for the future of Pediatric Associates of Plano as part of Children's Health, and I am confident in the knowledge, experience, and compassion of the pediatricians we have selected to join the practice and provide care. The practice physicians remain available to address your child's care needs and can be reached at (972) 981-8380.

If you would like to obtain a copy of your child's medical records, please contact the practice at (972) 981-8380. Depending on the nature of the request, you may need to sign an authorization for the release of records.

During this transition, please try not to be anxious. For you parents/legal guardians, remember that YOU are the most important people in your children's lives. I have been one of your supporters. The practice staff and physicians will be available to support you. For you children and emerging adults, remember that YOU are amazing as the people you are and are becoming. The practice physicians are excited to get to know you and take care of you.

Thank you for the opportunity to serve you and share in your lives. It has been a pleasure to partner with you in managing your child's care needs.

Sincerely,

Jeanette Smith, M.D.
