In order to achieve this goal, we feel that it is important to keep the line of communication open between our patients and our healthcare staff.

Following are the guidelines concerning our office policy. If you have questions, please do not hesitate to discuss them with us.

### Appointment

Although we will attempt to confirm every upcoming appointment that you have set up with us, we may not always be able to do so. Once an appointment is made, you will be responsible for remembering it. Any appointment cancelled less than **24 hours** in advance will be subject to a **\$50 cancellation fee**. When we call to confirm your appointment, but cannot reach you directly, we will leave a message regarding the time and date of the appointment. Please call us back to let us know the status of your coming.

### Financial & Insurance Policy

Payment is required as services are rendered. If you have dental insurance, you will be asked to pay your estimated co-payment at the time of treatment. The co-payments that we collect from you during your visit are only estimates and are not final. You are responsible for any remaining balance after your insurance has paid its portion.

We will accept any of the following forms of payment: cash, American Express, Visa, MasterCard, or Discover.

In addition to the above, we require that you read, understand, and agree to the following terms:

- I understand that my insurance is an agreement between my insurance carrier and me. I also understand that I am responsible for the balance of my dental account regardless of insurance.
- I understand that I may incur a **1.5% monthly finance charge** if my balance ages beyond **60 days**.
- I assigned dental benefit payments to be paid directly to Urban Pacific Dental Associates from my dental carrier. I also authorize Urban Pacific Dental Associates to contact my insurance carrier on my behalf regarding the payments for my services.
- I give permission for my dentist and his/her clinical team to take any necessary diagnostic x-rays, photos, or study models to properly enable complete diagnosis and treatment.
