

**FLU CLINIC SCHEDULING IS NOW OPEN.
OUR FIRST CLINIC BEGINS SEPTEMBER 20TH**

We are happy to announce that our Flu Vaccines have arrived. **Online Scheduling** is now available by clicking [HERE](#).

Our Flu Clinics are being offered **weeknights between 5:30-8:30**, and **Saturday mornings between 9-12 pm** beginning **September 20th through November 20th**. Please know these are NOT walk-in clinics. You must schedule through our online scheduler. Additionally, please understand that we are not offering flu clinics during regular business hours, as we are reserving our daytime appointments for sick patients as well as annual well checks. However, if you have an upcoming scheduled annual Well Visit, we will happily administer the Flu Vaccine during that visit.

We encourage you to schedule as soon as possible, as these appointments fill up very quickly. Remember when scheduling that an Initial and Booster vaccine are recommended for children between the ages of 6 months and 8 years old who have **NEVER** received a flu vaccine in previous years. We encourage you to schedule both appointments at this time **AT LEAST 30 days apart**

Finally, due to COVID-19, we will continue to follow our same protocol as last year. We ask that you complete our **COVID-19/Flu Screening** for each **CHILD and PARENT** prior to your appointment. You will receive this screening questionnaire two hours prior to your scheduled appointment through a text message and link provided. At that time, you will also be required to pay for any vaccines that PAA is not filing to your insurance carrier. (i.e. Self-pay patients and Parent Flu Vaccines.) If we have not received the screening questionnaire and/or payment prior to your arrival, your appointment will be cancelled. Please note that once payment has been processed, our staff will not be able reimburse that payment. Rather, our billing office will place a credit on your child's account for future balances.

In the event you need to cancel or reschedule your appointment to a later date, please call our office or click on the link in your confirmed email to do so.

Thank you in advance for your patience and cooperation during this upcoming Flu season. We look forward to seeing you here soon.
