

September 2, 2021

Dear Patients,

I am pleased to announce that our practice has joined [Aspire Allergy & Sinus](#) to expand our focus on the diagnosis and treatment of allergy, asthma and sinus related illnesses.

Aspire Allergy & Sinus is a trusted group of allergists and otolaryngologists who have been serving patients in the Houston area for the last several years. Partnering with them will give you access to a wider variety of treatment options for your allergy, asthma and sinus concerns as well as a bigger support network for your care. They have multiple clinics in Colorado, Florida, New Mexico and Texas. Our partnership will launch their expansion into Arizona.

While there may be some operational changes over time, you will continue to see the same faces you've grown accustomed to, as our amazing staff will continue to provide you with the care you are used to receiving.

The biggest change will be the transition of our company name to Aspire Allergy & Sinus and some new service offerings, which we will announce later.

Thank you for allowing us to be a part of your medical care. It's been a pleasure taking care of you and your families, and I look forward to continuing your care with Aspire Allergy & Sinus.

Sincerely,

Miriam K. Anand, MD, FAAAAI, FAAAAI

Allergy Associates and Asthma, Ltd
