

Mike Marshall, PTA

Physical Therapist Assistant

Education:

Arapahoe Community College - Littleton, CO
Associate of Applied Science Physical Therapist Assistant

Continuing Education:

- Shoulder Disorders Workshop
- Concussion Management
- Evaluative Skills and their Application with the DPT/PTA Relationship

Professional Interests:

Mike has a passion for treating patients in an outpatient orthopedic setting. He believes in using evidence-based manual therapy techniques and therapeutic exercise to help his patients get out of pain, regain their range of motion, and return to doing the activities they love. He approaches each patient holistically, never discounting the mind-body connection, while striving to make physical therapy a fun and enjoyable process.

Personal Interests:

Mike is a Denver native and grew up playing competitive hockey. He is a diehard Avalanche fan and hopes to see the Avs take home the Stanley Cup again soon! When he's not watching the Avs, Mike enjoys playing his guitar, listening to music, reading, and drawing. He also enjoys staying active with biking, hiking, and working out at the gym.
