

Bigfoot

Visits the Dentist

A Fun Mini-Comic from Sauer Dentistry

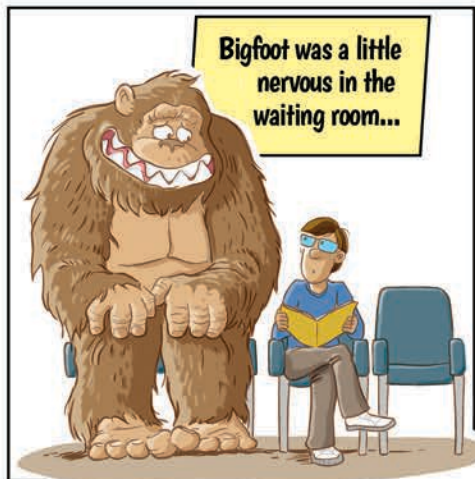

Today was Bigfoot's first dentist appointment...
He was kind of excited, but a little scared.

Dr. Sauer met
him at the door
with a smile...

Bigfoot was a little
nervous in the
waiting room...

A nice dental hygienist helped Bigfoot to a room with a big chair that looked like it came from a spaceship...

The hygienist worked in his mouth with all kinds of funny looking tools...

Then she took a picture of his teeth with a huge camera...

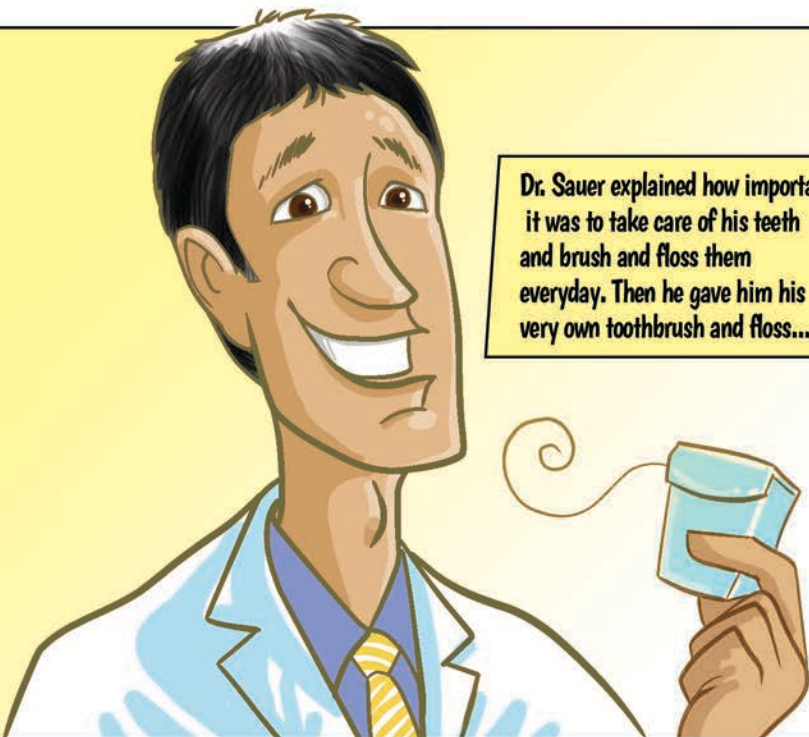

After that she cleaned Bigfoot's big teeth with a tiny scrubber that tickled his gums...

Now it was time for Dr. Sauer to give Bigfoot a check-up,
He liked the doctor because he told him a lot of
cool things about his teeth...

Dr. Sauer explained how important
it was to take care of his teeth
and brush and floss them
everyday. Then he gave him his
very own toothbrush and floss...

Dr. Sauer said everything looked good, and would see him again in six months for his next check-up...

Now Bigfoot loves to take care of his teeth — Do You?

coloring page!
