On the morning of your procedure please report to **CEDARS SINAI HOSPITAL 7th FLOOR SOUTH TOWER GASTROENTEROLOGY UNIT. Please note that a recent EKG AND A COMPLETE BLOOD COUNT WILL BE NEEDED. KINDLY HAVE YOUR INTERNIST FAX US OVER A COPY AT 310.652.4728**

All patients arriving for endoscopic procedures will need to arrive 1 1/2 hours before their scheduled procedure time. All patients will report to the 7th floor Lobby for Pre-Registration rather than coming directly to room 7511. Once the patient has finished the registration process the registration staff will notify the GI Unit that the patient is waiting in the lobby (GI Unit extension is 36056)

When the GI Nurse is ready for each patient she will call out to the 7th floor lobby and have the registration staff send the patient to the GI Unit. **The telephone number at the 7th floor registration desk is 310.423.7166.**

The patients scheduled for endoscopy procedures will be asked by the registration staff if they have someone to take them home. If they do not, the GI Charge Nurse must be notified so that she can speak with the patient prior to completion of the registration process.

We are asking the endoscopists office staff to please remind their patients that there may be a Co-Pay when they arrive for their procedure.

Thanking everyone in advance.
