FINANCIAL POLICY

We are committed to providing you the best care possible. <u>We must emphasize that, as medical providers, our relationship is with you not your insurance company. Your insurance is a contract between you, your employer, and the insurance company. We are not party to that contract.</u> All charges incurred for services provided by PHG are your responsibility. We realize that there is a delay that occurs during the insurance company's processing of claims and we will allow for that processing time. If, however, the insurance company has not paid the claim within 90 days of the date of service or within the time frame mandated by the NV state board bill #SB145, you may be billed directly for the service. If this occurs, our billing department will give you the documentation necessary for you to receive reimbursement for the service from your insurance company.

If you have medical insurance provided by a company that we are contracted with, we will bill your insurance company for services rendered by our providers and staff.

All deductibles, copays, coinsurances and payments for non-covered items/services are due at the time of service.

Please familiarize yourself with your insurance policy and its requirements. Many companies require a referral from the primary care physician. We will attempt to obtain these as a courtesy, but it is ultimately the responsibility of the patient to be pro-active in assuring that the requirements of the insurance company have been met for each visit.

From time to time, certain fees may be charged to you by our office. These fees are not payable by the insurance company, and therefore will not be billed to the insurance company. They include:

Returned Checks: A $25 non-sufficient funds fee will be charged for all checks returned by your bank

No Show Fees: There will be a $25 no show/late cancellation fee charged for all unkept daytime appointments (this includes appointments for which you provide less than 24 hour cancellation notice). There will be a $200 no show/late cancellation fee charged for all unkept overnight appointments (this includes appointments for which you provide less than 48 hour cancellation notice).

Collection Fees: Should your account be submitted to a collection agency, regardless of reason, you will be responsible for collection fees up to 50% of the total amount of the past due bill PLUS any legal fees assessed.

By signing below I, ____________________________, acknowledge that I have received and understand the financial policy information described above and agree to these financial terms.
