

PROGRESSIVE HEALTH MEDICAL CENTER

VISION

The vision of Progressive Health Medical Center is to optimize the health of the patient, through a multidisciplinary approach, focused not only on diagnosing and treating the symptoms that first brought the patient in the clinic, but by tackling the root cause of the problem and also by educating the patient on how a lifelong commitment to personal health might affect their life and the life of their loved Ones.

MISSION

The mission of Progressive Health Medical Center is to alleviate pain, restore function and optimize health.

Core Values

PASSION FOR THE PATIENT

Build positive relationships through outstanding service with each patient encounter

INTEGRITY

Uphold the highest ethical standards and promote trust and respect

EXCELLENCE

Exceed expectations and take intense pride in everything we do everyday

LEADERSHIP

Have the courage to rise above challenges to work through adversity and inspire others

INNOVATION

Imagining what is possible; foster creativity that challenges constraints and drives progress

TEAMWORK

Consistently demonstrate an unselfish commitment to working with others to create a collaborative culture.
